L. A. BROMLEY ELECTED TO EXECUTIVE OF POSTMASTERS' ASSN.

The local Postmaster, Mr. L. A. Bromley, has recently returned from the meeting of the Ontario and Quebec Postmaster's Association, held in Ottawa, where he was elected to the executive committee.

The major event of the meeting was the unanimous passing of the resolution asking for reform in the superannuation system of the Post Office Dept. The reform would effect postmasters in the groups from one to thirty, that is the smaller branch offices, who would receive a new scheme for retirement. The Quebec Branch asked that the retirement payments be based on the average salary paid during the last five years of service instead of the last ten. Colonel R. F. Shantz, Preston, chairman of his branch resolution com-

LOCAL MAN BITES OFFICER—IS REMANDED

Three local men appeared in St. Catharines court this week, two on a charge of drunkenness and one on a charge of causing bodily harm to an officer.

Joseph Sheridan of North Bay, was apprehended while in an intoxicated condition on Main St. W. on Friday, June 17th. He was charged with being drunk in a public place, pleaded guilty and was fined \$10 and \$1 costs.

Michael Kolaczynski of Grimsby Beach, was apprehended at the same time and charged with being drunk and consuming liquor in a public place. He was taken to St. Catharines and appeared before Magistrate H. D. Ballett on Monday, June 20th. He was fined \$34 or 15 days in jail.

Jack Johnson, 32, of North Grimsby Township, appeared be-

BOY SCOUTS HOLD IMPRESSIVE SERVICES AT BEAMSVILLE—

Scouts, Cubs and Guides from practically every centre in the Fruit Belt District paraded through the streets of Beamsville to the skirts of the pipes on Sunday afternoon, as the Boy Scouts of this area gathered in a colorful show of strength in honor of several boys who have advanced well along the scouting trail.

Following the parade through the quiet streets, the pipers led the group to the Fairgrounds where a good crowd was on hand to lend their support to the occasion. The Beamsville Citizens' Band was also in attendance.

Taking the salute was Fruit Belt Commissioner Stanley L. Gibson, who also presented the various badges and certificates to the scouts who have successfully completed King Scout and Bronze Arrow courses.

As the Scouts, Cubs and Guides

mustered in front of the grandstand, Doug Burton of the Beamsville Troop "broke the flag" to officially open the ceremony. Then followed the National Anthem and Invocation by Rev. Balderson of Beamsville.

It was a big day for ten members of the Beamsville Cub Pack who were entering the Scouting movement. Cubmaster Doug Sheppard turned over his ten young charges to Scoutmaster Rusty Drew of the 1st Beamsville Troop. Patrol Leader Ron Blair, who will lead the new scouts also extended a welcome to the Troop and the Scouting movement.

This ceremony was followed by the presenting of the King Scout badge to three members of the Beamsville Troop, Doug and Russell Burton and John Milnes. The Kings Scout badge is the

(Continued on Page 7)

This picture brings back to mind that famous quotation printed above. This group of men were employees of the Merritt Bros. basket factory when they first moved to Grimsby from Caistor township. The building in the background was known as the "Old Red" building and had been first erected on the north side of Victoria avenue by the William's basket people from Thorold. Merritt Bros. first began business in Grimsby in this building and later moved to their present location on the south side of the street. The old building burned down some years ago. We do not know the men in the photo except that the man standing in the front row on the extreme right is the late Ethelbert Merritt, one of the five Merritt brothers.

BREWERS RETAIL STORE BEING ESTABLISHED IN EX-AIRCRAFT PLANT

The Brewer's Warehousing Company have commenced a rebuilding program in the main building of the former White Canadian Aircraft Company, Elizabeth Street, the plans calling for the setting up of a warehouse and retail store. The announcement was made Tuesday by J. B. McCausland, property manager for the transaction.

It is expected that the building will be occupied early in July, and will be open for business by the end of the same month.

The announcement comes as no great surprise, as the setting up of a brewers retail store has been rumored in Grimsby for well over a year.

Mr. McCausland also stated that the Art Metal Works of Hamilton, have leased fifteen hundred foot of floor space in the rear of the premises. It is understood that metal burial vaults will be manufactured from this point.

PARDON US... WE'RE BLUSHING

As if the issue has not been clouded enough, we blush to think of what we stated in the Council story last week, when the Grimsby got into the works and brought out in black and white the fact that there is to be no parking on Main street between the hours of 8 a.m. and 6 p.m. This should make for a very ghostly appearance on our beloved street.

What the Grimsby did, was fail to mention that as long as the new parking signs are painted, one hour parking will go into effect, replacing the old two hour by-law. The hours for one hour parking are in effect between eight and six o'clock.

Until the signs are erected, however, you motorists can put up quite a yell if the lads in blue attach a parking ticket to your windshield... If the infraction is for parking overtime. The other infraction—and the list is quite lengthy—can still cost you a couple of bucks.

FROM LITTLE ACORNS GREAT OAKS GROW

SEN. ARTHUR ROEBUCK SPEAKS TO LARGE LIBERAL GATHERING

Despite the torrid temperature, around two hundred and fifty people turned out on Monday evening to hear Senator Arthur Roebuck speak on "Government Policies." The Senator was introduced by John B. Aikens, President of the Lincoln County Liberal Association, and Chairman for the evening.

Senator Roebuck pointed out how the Liberal administration had always welcomed the new Canadians. Canada is much too huge in size and wealthy in resources to ever expect to keep entirely to ourselves. Hard work by immigrants has helped build our railways, work vast areas of rich tillable agricultural land and open up our mines. Children of to-day receiving the Children's Allowances from their mothers are better dressed and fed; thereby equipping them to face the problems of to-morrow. The Senator stated that although the Liberal government has assisted home owners more than any other country in the world, there is still a need of many more homes to be built.

Harold C. Jeffries thanked Sen-

EARL MARSH WILL HEAD GRIMSBY LIONS CLUB FOR ONE YEAR TERM

Featuring the President's report and the installation of next year's officers the last meeting of the Grimsby Lions Club was held at the Village Inn last Monday night. Lion Chief Millard opened the business of the meeting by paying tribute to the Past Presidents of the club and to those Lions at the head table who were among the hardest workers of the club during the last year. Beginning with the first President of the club Dr. Gordon Sinclair, President Millard listed the following Past Presidents and did honor to each: Hugh Campbell, Jack Jacklin, P. V. Smith, A. T. Globe, J. W. Baker, E. W. Phelps, W. O. Crich, the last of whom served for two years. A special tribute was paid to the Past Presidents who had passed on, "Dad" Farrell and Jack Jacklin, when on minute's silence was observed in their memory.

Lion Earl Marsh, speaking for Lion Ken Baxter who could not be present, stated that a work party had been called for next Monday, the 27th, to erect carnival booths. As many Lions as possible were

(Continued on page 6)

COBBLESTONE LODGE

Mr. W. O. Ullman can well be proud of the attractive setting of the Peninsula's newest and certainly one of the finest headquarters for tourist accommodation. Many of the older residents here will recall the historic background of what is now Cobblestone Lodge, remembering especially the what is now Cobblestone Lodge, remembering especially the world famous roses grown by the late Mr. Ofeld. Located on the shores of Lake Ontario, west of Grimsby, Cobblestone Lodge is already attracting the ever-increasing tourist trade, who are finding in the Grimsby district several of the finest locations for the travelling public found anywhere in this vast Province.

Election Information

The following is a list of the polling subdivisions in this area with the polling station in each case. The polls will be open from 8 a.m. to 6 p.m. Standard Time or from 9 a.m. to 7 p.m. Daylight Saving Time.

TOWN OF GRIMSBY

POLLING SUB-DIVISION NO. 115
Comprising that portion of the Town of Grimsby lying south of the C.N.R.

Polling Station No. 115 A-L at Grimsby Chopping Mill, Grimsby.
Polling Station No. 115 M-Z at Grimsby Chopping Mill, Grimsby.

POLLING SUB-DIVISION NO. 116
Comprising that portion of the Town between the line of the C.N.R. and the line of the H.G.&H.

Polling Station No. 116 A-L at St. George's Orthodox Church, Grimsby.

AMERICAN VISITORS PLEASED WITH GRIMSBY

(As dictated to a stenographer)

I had the great pleasure on Saturday afternoon last to have a big 40 passenger bus from the State of Oklahoma pull up in front of The Independent office and have the man in charge of the party—Mark Cosby, The King of Smithville, come looking for me. This bus had aboard 38 people, doctors, lawyers, newspapermen and men in other walks of life and their wives. These people were from the States of Kansas and Oklahoma, on their way as delegates to the great American Poultry Association convention in Syracuse, N.Y. All people of means.

Mark Cosby, of Smithville, acknowledged by the American Poultry Association, to be one of the best judges of all breeds of poultry on the continent and a past president.

(Continued on Page 7)

HISTORICAL SOCIETY MEET MIDST SETTING OF ANOTHER ERA

"The Hermitage" is well named, as the hundred-odd guests at the garden party of Grimsby Historical Society last Saturday afternoon can attest.

Approached from Nelles Side-road by a long one-way farm lane with a turn in it midway, through deep peach orchards, the house, guarded by two ancient willows, is not revealed until one is close upon it. But back in 1812 when William Nelles lived here it was even more secluded, surrounded as it was by forest trees. The forest was succeeded by apple orchards, and these in turn gave place to peach trees.

After the kindly welcome of Mrs. M. A. Randall, the present occupant, the guests felt that they

(Continued on page 6)

"SANDY" GLOBE PLAYS HOST TO OLD BOER WAR VET PALS

The following article is taken from the St. John's, N.B., Evening Times-Globe of June 14th, and is self explanatory:

A. R. (Sandy) Globe, who left Saint John in 1899 with "G" Company of the Royal Canadian Regiment to serve in the South African War, has returned to Saint John after 50 years and tomorrow evening will play host to a small group of veterans of that conflict at a reunion at the Admiral Beatty Hotel.

Mr. Globe, who has taken part in diamond, silver, gold and chromium mining since that time, at present is president of the Metal Craft Co. Ltd., at Grimsby, Ont., having retired from the mining field about 12 years ago.

While this actually is Mr. Globe's second visit to Saint John since he left in 1899, as he passed through the city in 1915, (on his way overseas in the First Great War) it is

his first stay in the city and chance for a reunion with his old war buddies in half a century.

This morning he said he expected about nine or ten to attend the gathering, that will start with a dinner at 6.30 o'clock. "I'm not sure when we'll call it a night," he said, "but, then, I'm not sure how much we old timers can stand..."

10 Years in Africa

Mr. Globe spent 10 years in Africa, becoming associated with the DeBeers Mining Company after he "bought out of the army," as was the custom in those days. The Westfield-born man didn't hold an engineering degree, but he managed to "wiggle into the engineering office" with DeBeers, and that gave him a start in a field in which he was to remain for many years.

Mr. Globe is accompanied on his visit here by his wife, the former

SANDY GLOBE

Kate Bala of Saint John. He knew her before he entered the army and she went out to join him at Cape Town, where they were married in 1906. "That was the custom in those days," he said, "as I would have needed about four months' leave to come back for her."

Mr. and Mrs. Globe attended the Sunday morning service at their old church, St. George's, West Saint John, and Mr. Globe said he didn't think it had changed too much since he last went there 30 years ago. "Of course, there have been some improvements, and they have electricity now," he said.

Opened Mining District
Mr. Globe returned to Canada in 1908 with a group of American engineers and this group was largely responsible for the opening up of the northern Ontario mining district. Mr. Globe became associated with the Hollinger Consolidated Gold Mines and it was this organization that pioneered in the Ontario districts of Cobalt, Porcupine and Timmins.

A member of the Professional Engineers of Ontario and the Canadian Mining Institute, Mr. Globe has devoted a great deal of time and effort to the West Lincoln Memorial Hospital in recent years. As chairman of the hospital board, he played one of the leading roles in its construction.

The West Lincoln Hospital, which is situated near his present home in Grimsby, was only in operation about two years when it was razed by fire. During the last year a new building of concrete, fire-proof construction has been erected and is to be officially opened this summer.

Mr. and Mrs. Globe will leave Saint John Thursday for Halifax and after spending a day or two in that city will return to their home in Grimsby.

ELECTION INFORMATION

the west.
Polling Station No. 113 at St. Mary's Hall.

POLLING SUB-DIVISION No. 114
Comprising all lands situate between the Town of Grimsby on the north; the Township of South Grimsby on the south; the line between Lots 4 and 5 on the east, and the line between Lots 13 and 14 on the west.

Social Events — Personals — Organizations — Club Activities

Cpl. George Stuart of the R.C.M.P., his little son and wife, are visiting Samuel and Mrs. Stuart, Robinson St.

Mr. J.C. Dufee is spending the week in London attending the annual convention of the Canadian Order of Foresters.

The many friends of Mrs. A. Ambrose Sr. will be pleased to know she is improving most rapidly after her operation in the Hamilton General Hospital.

Senator Arthur Roebuck and party dined at El Rancho Casablanca prior to the Liberal meeting on Monday evening. Also present were Mr. and Mrs. Harry Cavers, Mr. and Mrs. Roy Farrell, and Mr. and Mrs. John Aikens.

Mr. and Mrs. J. C. Halliday and son Victor, have just returned from a three weeks motor trip through the central United States and Manitoba, celebrating their 25th Wedding Anniversary.

Attending the annual sessions of the Rebekah Assembly of Ontario held in the Royal York Hotel, Toronto, this week, were Mrs. Albert Dipper and Mr. Geo. Warner. Also in attendance were Mrs. Robert Miller, Mrs. H. L. Wilson and Mrs. Clifford McCartney.

A very pleasant time was spent on June 19 at Mr. and Mrs. Charles McLean's at Jericho, when the children and grandchildren of Mr. Isiah Platt gathered to celebrate Father's Day and the coming birthday of Mrs. Platt. There were also relatives and friends from Burlington, Hamilton, St. Ann's, Grimsby and South Grimsby. Mr.

and Mrs. Platt returned home with their daughter to Niagara Falls that night. Many pictures were taken and a hearty lunch was enjoyed by all.

SOCIAL ACTIVITIES AT THE VILLAGE INN

A ladies' luncheon-bridge was held at the Village Inn last Tuesday by the Ontario Retail Druggists' Association with about 225 present in the Beautiful Oak Room. The Buffalo and Toronto Chapters of the Hotel Greeters' Association held a dinner dance in the Oak Room of the Village Inn on Tuesday evening last when about 110 were present.

CLUB

The June meeting of the Beaver Club was held on Monday evening last, at the home of Mrs. Eric Garmham, Grimsby Beach. Despite the very humid weather, there was a good attendance of members. Mrs. Andrew Stevenson presided for the short business session. The scripture reading was given by Mrs. M. Gunning, followed by a few readings by Mrs. E. Garmham and Mrs. A. Henderson.

While lunch was being prepared by Mrs. J. Horvill and Mrs. H. Fox, several of the members enjoyed a stroll along the lake shore. The next meeting of the Beaver Club will be held at the home of Mrs. John Saunders, Kingsway Blvd., on Monday, July 18th, at 8.30 o'clock.

IN MEMORIAM

LIPBIT—In loving memory of my dear husband, Richard Awrey Lipbit, who passed away June 22, 1948. You left me beautiful memories. Often silent tears; But you will always be with me. As I journey through the years; You are always in my mind. Awrey, No matter what I do; All the time within my heart There is a thought of you; Never for a moment, Are you very far away; Absent yet near you seem, But dearer every day. — Lovingly remembered by his wife, Myrtle.

MOTHERS' CLUB

The annual Mother's Club picnic was held at the home of Mrs. George Curtis. After a social afternoon, a very nice picnic lunch was enjoyed by the children and their mothers. The soft drinks for the party were donated by Mrs. A. Henley.

ENGAGEMENT

Mr. and Mrs. Norman Atkinson announce the engagement of their eldest daughter, Ella Lorna May, to John Fred, son of Mr. and Mrs. John Latka, of Grimsby. The marriage to take place on July 2nd.

Mr. and Mrs. James Fisher wish to announce the engagement of their eldest daughter, Margaret, to Walter Gordon Nutting, son of Mrs. G. Moore, Aldershot, Ont. The marriage to take place in Trinity United Church, Grimsby, Saturday afternoon, July 16, at 2.30 o'clock.

LO.D.E.

The monthly business meeting of Lincoln Loyalist Chapter, L.O.D.E., will be held at the home of Mrs. Neil Locke, Kerman Avenue, on Monday afternoon, June 27th. This meeting is to be a Pot Luck Supper, with the meeting called for 4 p.m., with the supper at 6 p.m. As this will be our closing meeting for the summer, we hope to have a good turn-out.

Tag Day this Saturday, June 25th.

EASTERN STAR

The regular meeting of the Grimsby Chapter of the Eastern Star was held on Tuesday evening June 21st.

The District Deputy Grand Masters of District No. 4 had charge of the opening ceremonies with Mrs. Inez Cloughiey acting as Worthy Matron.

Visitors were present from St. Catharines and Hamilton. Several candidates were initiated into the Chapter.

Letters were read from overseas thanking the Chapter for boxes which they had sent.

Mrs. Ruth Clark was appointed to be a delegate to the Grand Chapter which meets in Ottawa in September.

A delicious lunch was served by the refreshment committee with Mrs. Ruth Clark acting as convener. During the social hour a draw was held for a basket of groceries and was won by Mrs. Nora Chambers.

The Chapter decided to have a Rummage Sale in the fall and wish all members to keep it in mind during the summer.

MARRIAGE

SCHOTT—WOOD

Jerseyville United Church was the scene of a pretty wedding on Saturday, June 11th, at 3 p.m., when Helen Lorena Wood, daughter of Mr. and Mrs. Arthur Wood, of Jerseyville, became the bride of John Edgar Schott, son of Mr. and Mrs. Walter D. Schott, Grimsby Beach. The double ring ceremony was performed by Rev. Hartley Watts, the church being decorated for the occasion with peonies, lilies and lupines.

The bride, given in marriage by her father, was gownned in white slipper satin with sweetheart neckline, long sleeves pointed over the hands, full skirt extending into a long train, fingertip veil held in place by orange blossom head-dress. She carried a cascade bouquet of gardenias, lily of the valley and rosebuds.

Mrs. Charles Billings, matron of honour, a cousin of the bride, wore peach taffeta with matching head-dress, and blue carnations. The bridesmaids, Mrs. Harold Wood, sister-in-law of the bride, and Mrs. Ronald White, aunt of the groom, were gownned alike in blue taffeta. They carried yellow carnations.

The groom attendant was his brother, Harold Schott, and the ushers were Harold Wood, brother of the bride and Daniel Quill, both of Hamilton.

Members of the Women's Association catered for the reception in Jerseyville Hall, at which 75 guests were present. The bride and groom having afterwards for Temagami. On their return they will reside at 27 Fife St., Hamilton. Out of town guests came from Detroit, Toronto, Hamilton, Grimsby Beach, Niagara Falls, Kitchener.

The wedding music was played by Alex. Uphart, and the soloist was Mrs. Vilma Urquhart, both of Hamilton.

The bride's mother was gownned for the occasion in Grecian blue with dark accessories with corsage of pink roses. The groom's mother wore a navy blue dress with corsage of red roses.

The bride travelled in a navy blue gown suit with navy and white accessories, and wore a corsage of white carnations.

cardville, Alta., and Mrs. Fred Gamble and Eleanor, of Cornwall, were guests at the home of Mr. George Jarrett, Park Road.

Mr. and Mrs. Keith Berry had as their guests this week Mr. and Mrs. R. W. Beamish and daughter, Mrs. R. W. Beamish, R.C.; Mrs. J. D. MacLachlan, Chilliwack, B.C.; Mrs. C. H. Nixon, Winnipeg, Man., and Mr. John Morgan and Mrs. O. W. Thompson, Kitchener, Ontario.

Mr. and Mrs. Wm. L. Bengough have returned home after a delightful trip to the Maritimes travelling by bus via U.S.A. with a stop over at Boston. In the Maritimes, friends arranged motor trips to places of historic interest and scenic beauty.

GRIMSBY BEACH WOLF CUB NEWS

The Cubs of the Grimsby Beach Pack really enjoyed participating in the grand Boy Scout and Cub parade at Beamsville on Sunday afternoon. The troops and packs of the whole Fruit Belt District, as well as the Jamboree Scouts from St. Catharines, marched with colors flying to the stirring music of the St. Catharines Boy Scout Klitz Band, and we were proud to be part of this exciting event. Our two cubs with "both eyes open," Harry Astle and Terry Molloy, were flag-bearers for our pack.

The only regret of Bagheera and the cubs was that Akela was unable to be present. Akela will be on hand, however, for the regular meeting on Friday, for the Cubs to howl a "welcome home" to.

Till then, good hunting, Cubs!

W.C.T.U.

The Grimsby W.C.T.U. will meet June 28th, 8 p.m., at the home of Mr. Spencer Morris, Kingsway Blvd.

Study subject: "Beverage Alcohol. The most serious problem of today."

Reports will be given of the County Convention and of the Provincial Convention, Kingston.

Members and friends, give our president a real, full house warning.

COMMITAL SERVICE FOR THE LATE ETHEL BAKER WOOLVERTON

Within the quiet confines of St. Andrew's Churchyard, committal services were held on Monday afternoon of this week for the late Ethel Baker Woolverton, wife of the late Thomas N. Woolverton. A Memorial Service followed in the Church. Both services were conducted by Rev. E. A. Brooks.

Honorary bearers were Messrs. Clarence Tyson, Oscar Neilbourne, J. G. McIntosh, J. J. Bryson, Neilas Ashton, Harry Metcalfe, Hugh Campbell, R. O. Smith and Fred Knox.

EL RANCHO CASABLANCA

Recent guests at El Rancho Casablanca have included the following: Senator Arthur Roebuck and his daughter Mrs. A. E. Patterson and her husband; Mr. and Mrs. Harry Cavers; Mr. and Mrs. John Aikens; Lieutenant Colonel and Mrs. E. H. Lancaster; Dr. J. Ewart Wright of St. Catharines.

Weekend guests included: Mr. and Mrs. W. Scott Hill, publisher of Outdoors magazine of New York; Mr. H. S. Clement of Buffalo, New York; Mr. John Ansell of Brighton, England; Mrs. P. Black of Wimbledon, England; Mr. H. G. Walters of Mexico City, Mexico; Mr. and Mrs. W. F. McLeod of Chicago, Illinois; Mr. and Mrs. Terry Davis of Lakewood, Ohio; Mr. William L. Paulhamous, Myrtle, Vermont; Mr. and Mrs. Fred Hurley of Chicago, Illinois; Mr. F. W. Allen of London, England; Mr. J. Dodginton of Montreal, Quebec; Mr. and Mrs. P. Cody, Bellows Falls, Vermont; Mrs. A. D. Jordan of El Paso, Texas.

Local guests were Mr. and Mrs. Harold Jarvis of Grimsby; F. G. and Hilda Gardham of Grimsby, and Mr. and Mrs. F. Batterill.

Two luncheons were held at the El Rancho, the Ladies' Auxiliary of the West Lincoln Memorial Hospital had thirty members present at their luncheon and the West End Bridge Club of Hamilton had 24 present.

GET-TOGETHER FOR BASIC ENGLISH CLASS

Through Mr. Donald Awde, who has instructed the class in Basic English all year, arrangements were made by the Post War Services Committee of the L.O.D.E. for all members of the class to invite their families to a "Get-Together" evening, on Wednesday, June 22nd, to mark the closing of the year.

While the last class was in progress, the families were entertained in the High School Auditorium, by the showing of a Canadian film. At the close of the film, and the class, refreshments were served by Mrs. Robert Gibson, Convener of the Post War Services Committee, assisted by Mrs. E. A. Buckham, Regent, Mrs. Wm. Lothian, Miss Miriam Cline, Mrs. L. A. Bromley, Mrs. W. H. Morris, Mrs. Geo. F. Mitchell, Mrs. Cliff MacCartney, Mrs. G. P. Hadler, Miss Betty Smith and Miss Mary Gordon.

WOLF CUB PACK

David Cartner, Ernest Nipwell and Larry Hill were invited and placed in the circle about the Totem pole at the last Grand Howl. New recruits are now obtainable for the first time in some years. Morrell gathered the dues while the Blazons arranged their group for the 1st Star Relay that followed. The Blue Six, Red Six and Brown Six finished in that order.

On Sunday twenty Cubs in full uniform journeyed to Beamsville to take part in the District Parade. The Silverdale Pack and Beamsville Troop won the Observation cups.

The Pack and its leaders wish to thank the chairman of the Group Committee Geo. Nelson, for arranging the transportation, and Messrs. Bob Johnson, Lou McInven, Earl Cornwell, Peter Phelps and Harold Headlip for providing it. Also to Ed. Mack for the "Cokes" which he secured up for the group during a full in the programme.

This week the Pack will meet on Friday, at 5.00 p.m., for another supper hike. This will be the last meeting of the regular season, although some may be held through the summer months. Uniform is not necessary for the hike.

Most any business man can handle a big deal, but it takes an executive to dispose of the little deals.

A man should never be ashamed to own that he has been in the wrong; it is but saying in other words, that he is wiser today than he was yesterday.

NEW ORGANIST AND TEACHER APPOINTED

The announcement has been made of the appointment of Mr. Richard Mitchell, A.T.C.M., to succeed Mr. Donald Kennedy as Organist of Trinity United Church, and Director of the Adult and Treble Chorus. His duties will commence August 1st.

Residents of Grimsby and district will be pleased to know that the Piano and Theory pupils of Mr. Donald Kennedy are to be taken over in September by Mr. William Nelligan, A.T.C.M. Mr. Nelligan is a member of the faculty of the Hamilton Conservatory of Music and just recently received the degree of L.R.S.M. (London, England).

This evening (Thursday) following a short Recital by a few of Mr. Kennedy's pupils at the home of Miss Olive Kitchen, Main St. East, Mr. Nelligan will play a group of piano solos and will be pleased to meet any interested parents or prospective pupils.

RED CROSS SWIMMING CLASSES OPEN JULY 1st

The Red Cross swimming classes so popular in other years are returning to the district again this summer. They will commence on July 1st, at 2 p.m. when enrolment will be held at the beaches. The classes will include games for the amusement of the students as well as valuable swimming instruction. Junior classes will be held in the morning at 11 a.m., intermediate at 2 p.m., senior at 3 p.m., and advanced swimming at 4 p.m. Synchronized swimming classes and diving classes are also to be started in the near future.

All instructors are to attend an instructors' school at St. Catharines under the direction of Mrs. L. McKellar which will be held June 27 to 30 inclusive. Any local people wishing to attend the school should get in touch with Miss Ruth Powell of Grimsby (279-R).

The Grimsby Beach Outing Association and the Grimsby Lions Club are backing the Red Cross swimming classes for this year.

VICTORIAN ORDER MAY REPORT SHOWS HEAVY SCHEDULE FOR NURSES

During the month of May our V.O.N. nurses cared for 304 cases, 52 being new patients admitted during the month. To these patients 732 visits were made, 80 visits to expectant mothers, 178 to babies and mothers which includes 1 home delivery, nursing care to mother and baby, demonstration of bath service and supervision of mothers and babies for five weeks following delivery, 90 visits to cancer patients, 163 visits to patients with long term illness, 148 to medical and surgical patients and 11 night calls.

Fees collected include 303 paid visits, 54 part pay, making \$452.88. Metropolitan Life Insurance cheque for \$11.25 and D.V.A. cheque for \$22.50, making a grand total of \$586.63.

Miss Sevier attended the Annual Meeting in Ottawa and brought back a very interesting report. I attended Open House at Lawwell Hall and found out that assistance can be obtained for any of our patients who have 10% or less vision. A V.O.N. conference of the Peninsula Nurses was held at the Y.M.C.A. and two health films enjoyed The Women's Institute of Queenston and St. David's was addressed on V.O.N. activities.

Mrs. McArthur relieved for 10% days which supplied for staff time off duty and assisted on busy days.

The calls in the various parts of the County were as follows:

Grimsby	258
Port Dalhousie	28
Niagara	30
Niagara-on-the-Lake	16
Louth	55
Clinton	102
Beamsville	18
Grimsby	104
N. Grimsby	54
S. Grimsby	2
Castor	7
Grimsby	33
Smithville	27

Miss Ferguson visited in the District for one day and attended the Louth Women's Institute where we were notified of a very substantial cheque that our Branch would receive in the near future.

To oblige the photographer, Mrs. C. Bruce Hill goes to work in her garden on their farm in Louth Township. "Tommy", her pet Dalmation pup, and "Queen", the shaggy old Newfoundland, take little interest in the event.

MEET MRS. C. BRUCE HILL, WIFE LINCOLN'S TORY LEADER

Ed. Note—The following story was written by Shirley Washer, staff writer of the St. Catharines Standard, and gives a most interesting and informative study of Mrs. C. Bruce Hill, wife of the Progressive Conservative candidate for Lincoln.

Nothing, not even the election of her husband to a seat in the House of Commons at Ottawa, would please her. She would be proud, of course. What woman wouldn't be? But she'd be unruffled, too. In all probability she would simply congratulate him warmly, pose for photographers, and that would be that. A typically reserved Englishwoman is Mrs. C. Bruce Hill.

Unprepared For Camera
When we arrived at the Hill's farm in Louth Township to get the well-known "woman's angle" on what it's like to be the wife of a politician, we were met at the door by Mrs. Hill. She registered mild surprise when she saw Don Sinclair lurking behind me with his inevitable camera. Somehow "Sinc" hadn't been included in our earlier conversation arranging the interview and Mrs. Hill was obviously unprepared for pictures. She was wearing a pair of comfortable slacks, an old pullover, and her favorite gardening shoes, having been planting flowers before our arrival. When "Sinc" explained that there must be a picture to go with the story, she said he could take her as she was in the garden, if he wished.

Near-Calamity
On our way to the den at the back of their lovely old house, Mrs. Hill stopped by the living room door and matter-of-factly pointed out the damage done to the ceiling and a beautiful Oriental rug by water which had poured through from upstairs. She explained that when their former-neighbors down the road used their water power for spraying, the water in the Hill household is often turned off completely. Such was the case the other day when two tape upstairs had been running full force. The water was off so long it was forgotten that the tape were on. When Mr. and Mrs. Hill came home much later, a torrent of water was pouring through the ceiling into the living room.

Even a calamity such as this failed to bother Mrs. Hill. She seemed to regard it as "one of those things" and said she didn't think too much damage had been done to the rug.

"I'm sorry things are in such a mess here. We'll have to sit in the den if you don't mind," was her only comment.

Seated comfortably in the library, which faces onto the spacious garden, Mrs. Hill and "Sinc" enjoyed a cigarette, while I went to work with book and pencil. Aided and abetted by my photographic colleague, I think I asked the Progressive-Conservative candidate's wife every question in the book, and some that aren't.

Married In Canada
Charlotte Muriel Allen, a Londoner, came to Canada to marry the Canadian Major she had met in England during the First World War. She became the wife of Major C. Bruce Hill, M.C. and Bar, in a little church in Brockville on April 6, 1920.

"It took me about a year to get used to Canada and Canadian ways," she admitted, "even though my husband's people were simply marvellous to me and everyone was so friendly."

Now she says she will never go back to England to live. Once you have a family, your roots are wherever they are, and the place where you were born is not "home" any more, Mrs. Hill told us.

Three Children
Mr. and Mrs. C. Bruce Hill have

three children, although they are men and women now. Heather Bruce Hill MacDonald, the eldest of the trio, lives in New York, where her husband manages the Canadian Press office. During the war she worked with the Department of Information at Ottawa, doing highly secret work.

"It was so hush-hush," laughed Mrs. Hill, "that I still don't quite know what on earth she was doing."

Heather also served with the Red Cross Transport detachment in St. Catharines, and her picture in uniform hangs with those of her husband and younger brother in their Air Force uniforms in the crowded den.

Peter, who is 26, has recently completed his final year at McGill University where he studied for his degree in mechanical engineering. He hopes his name will be included among the list of graduates when the results are published. Peter joined the R.C.A.F. from the St. Catharines Collegiate Institute, served overseas, won the D.F.C. and finished with the rank of Flight-Lieutenant. His wife is the former Marjorie Hanright of St. Catharines. His father, like son-Peter is an executive member in the Young Progressive-Conservatives. Mrs. Hill didn't say whether he had aspirations of becoming the Lincoln County Progressive-Conservative candidate of the future.

Trevor Bruce, 21, is the youngest son of Major and Mrs. C. Bruce Hill. He lives in Edmonton where he married about a year ago, and this fall he hopes to enter the University of Alberta. Both Peter and Trevor attended Ridley College Lower School.

The Hill's have two grandchildren, both boys. Heather's son, Patrick MacDonald, is two-and-a-half while Peter's son, Derek is two years old.

"We are still hoping for a granddaughter some day," laughed Mrs. Hill.

Helps In Two Wars
Mrs. Hill, like her husband and children, was active during the Second World War. In fact, she served in both wars. For 18 months of World War I, she was a V.A.D. at a Belgian Military Hospital near Rouen, France. She was "on loan" to the Belgian hospital and describes that experience as "un-British and extremely unhealthy."

In World War II she worked with every branch of the Red Cross in St. Catharines. She assisted Mrs. J. Graham Harkness in the Red Cross clothing workshop, helped at the Red Cross shop, made tea and washed dishes for the "boys" at the Active Service Canteen; and helped in numerous other ways.

Many Interests
C. Bruce Hill's wife is a person of many interests. She is active in social work in connection with the I.O.G.E. and is Regent of the Rose, Thistle and Shamrock Chapter in St. Catharines for the second term.

The first organization she joined when she came to Canada was the Women's Institute, in which she is still particularly interested. Mrs. Hill said that when she and her husband moved into the city for some years, she had to give up the Institute, and has regretted ever since that she has not had the time to get back into it again.

"The Institute is a wonderful organization and I am always interested in it," she added.

Her favorite hobby is gardening, which she says she does "just for the love of it."

"I don't pretend to be a gardener of any particular skill or knowledge," she tells people. "I just like to putter around in my garden and make it look nice."

From what "Sinc" and I (both expert gardeners) observed, she is most certainly succeeding.

Mrs. Hill flatly admits that she dislikes cooking, but enjoys making butter on their farm. A young girl from Latvia helps with the housework and cooking now.

Nor does the P. C. candidate's wife take much interest in clothes and fashion. She dresses neatly but conservatively.

Charming Hostess
After talking to her, one would imagine that Mrs. Hill would be a charming, informal hostess who could set you at ease immediately and entertain you without effort. Her soft, English accent is restful and refreshing, and her amused chuckle is contagious. Her clear, blue eyes are seldom without a twinkle of humor. She is fond of music, although does not pretend to understand it, and she loves dogs which seem to love and understand her completely. "Tommy," an 18-month-old Dalmatian pup, and "Queen," a shaggy, black Newfoundland dog, more like a bear than a dog, are her constant companions. "Tommy" is the house pet and Mrs. Hill confesses that he is absolutely like a spoiled child.

"Queen," the old faithful, is chief-dog-in-charge-of-the-property, and resents the trespassing of "Tommy." When Mrs. Hill pets the Dalmatian, 16-year-old Queen usually ambles up and pushes her wet nose into her hand for recognition.

World Traveller
Like her husband, Mrs. Hill is a traveller.

"I love to be off to new places," she told us, "I no sooner get home than I want to be going again."

About a month ago she returned home from a trip to Johannesburg, Nairobi, the Belgian Congo in Africa; Cairo; Portugal and England. She started out with Mr. Hill who was taking a business tour around the world, and while he continued around the rest of the globe, she stopped off in England to visit a sister. A few weeks ago she flew home alone. Travelling has interested her in languages and now Mrs. Hill is trying to learn Spanish.

Would Move To Ottawa
"Oh yes, I was quite thrilled when Bruce won the P.C. nomination on May 30," Mrs. Hill told me in answer to that obvious question.

She said she didn't really know one way or the other whether her husband would be nominated, but now that he has been given the honor, she is happy about the whole thing.

If Mr. Hill is chosen to represent Lincoln County at Parliament Hill, Mrs. Hill plans to make her home in Ottawa with him.

"But we will never give up the farm until we have to," she added. "Silver Birch" has been our home for 20 years and our roots are here." Mrs. Hill finished, looking out the window at the fertile land which comprises their 40-acre farm.

The prospect of leading the busy life of a member of Parliament's wife doesn't alarm Mrs. Hill.

"I've been leading a very active life for the past 20 years, travelling with him, entertaining for him, so I don't think I would find it too different in Ottawa if it is my privilege to represent Lincoln County there," she said.

With that, we adjourned to the garden where Mrs. Hill, once more supporting my impression that nothing bothers her, willingly posed in several uncomfortable positions for the discerning "Sinc."

When we left her, she was busily planting again, doubtless wondering if all newspaper people are as nosy as "Sinc" and I.

Men's trousers are now made of nylon. Shower-proof, they are handy for golf, gardening, fishing.

An American beauty expert now offers lessons in "How to Get Whistled At."

Boys are more emotional than girls during childhood, according to psychiatrists.

ABSENCE MAKES THE HEART GROW FONDER OF GRIMSBY

The following letter, from a Grimsby born girl and former employee of The Independent, speaks for itself and needs no further introduction.

Sunnyvale, Washington, U.S.A.
June 1, 1949.

Mr. J. Orton Livingston,
Editor, The Grimsby Independent,
Grimsby, Ontario.

Dear Sir:
After reading that the editor was ill and forced to retire from his duties temporarily, my first impulse was to offer my sympathy and felicitations. Curiously, however, impelled me to turn the page and there, in bold black type on twelve point letters, was a nasty article about women drivers. What a mere man can do to a woman's better impulses!

I was most interested in an item in last week's issue about the possibility of introducing the use of irrigation into the orchards of the Niagara Peninsula. I can well remember on the old homestead on the Ridge Road what promising crops of strawberries and raspberries we looked forward to harvesting, only to see them slowly dry up on the stem from lack of moisture.

Irrigation is the life blood of all vegetation here in the Yakima Valley. What was once sagebrush covered desert is now a most fertile and productive area. Protected as it is by hills and mountains, the growing season is very long. My diary tells me that our cherry and peach blossoms were at their best on April 12th this year, just about four weeks before blossom Sunday in Grimsby.

Our Byng cherries will be ready to pick in another week or ten days. Baskets, as we Ontario folk know them, are unheard of here. Cherries are picked in buckets (better known to you and me as galvanized pails) and emptied into wooden boxes. They are most unattractive containers, but the quality of the fruit sells them, because Yakima Valley cherries are famous all over the nation.

The quality and quantity of berries is enhanced materially by irrigation. My brother-in-law, Harry Pettit (who is a brother to Lloyd and the late Melburn Pettit) lives

on the other side of our hill and grows Cuthbert raspberries in large quantities. They take on tremendous growth and produce berries until October.

European grapes are another specialty of this part of the Valley. Last winter's exceptional cold weather gave them an awful beating, and the canes froze back badly, but most of the roots have survived and will likely produce this year again. Concord grapes are also grown over huge acreages and growers have hope that a well known New York firm will establish a processing plant in the valley during the coming year. News of doings around The Independent office is always interesting to me, though the shop personnel of course, has changed. In the days when I was on the pay roll Bertie Johnson and Norman Godden were in charge in the press room, Jessie (Shelton) Lawson and Norman Stewart ran the linotypes, George Thompson was at the type fonts with yourself and the unforgettable "Doc" Millward holding forth in the editorial rooms, while J. A. M. Livingston—of whom we hear good reports with MacLeans—and Anne Kelson and yours truly kept subscriptions in order, read proofs and tried to collect outstanding accounts in the "front office."

Fresh out of business college and fired with the ambition to be a most efficient office worker, I can still remember walking the length of the shop and saying in the prescribed quiet business tones: "Mr. Livingston, you are wanted on the telephone," but human nature being what it is, it was no time at all before one just stuck one's head through the door and yelled lustily: "Bertie, the phone." It accomplished the same purpose was excellent for the lungs and did save shoeleather.

Now for the sake of "the good old days"—reminiscing must have softened my heart—here are the best of wishes for a complete recovery for yourself and continued success for The Independent from a Canadian who is a long way from home.

Yours truly,
Margaret Althouse Barnard
(Mrs. George A. Barnard)

RECREATION FOR TOWN YOUTH THIS SUMMER

A recreational programme which is to be mapped out, so as to give the greatest amount of benefit to the children of Grimsby this summer, will probably be put into action the first week in July.

Recreational Director Frank Poutka, at present attending Cadet Camp, will be back in time to take over a full scale program as set forth by the Council and officials who are well versed in the operation of such a programme.

Fostered by the Grimsby Lions Club, with assistance from the Optimists, the idea is a sound one, and is expected to be of great value, not only to the younger children of the town, but also to the parents who can rest assured that their offspring are being well looked after on summer days that sometimes seem so long and drawn out.

As more details are forthcoming The Independent will keep parents and children alike posted on the latest in the first full time recreational program sponsored in Grimsby.

OPTIMIST PICNIC AND SPORTS DAY PLANNED FOR JULY SIXTH

With the final dinner meeting of the Optimist Club being held to-night (Thursday) it by no means ends the activities of the club which has been extremely active since it was chartered a few short months ago.

With the splendid co-operation of the residents of Grimsby and North Grimsby, who donated many articles for the auction, this event was a success despite a withering heat wave. Held on Saturday afternoon last at the farm of Harry Tuer, a good crowd was on hand and bidding was lively throughout the afternoon. It is estimated that over two hundred dollars was realized from this auction, the amount to be turned over to the work programme now being carried out by the sports committee.

The Optimist softball teams continue to play weekly, and will carry on throughout the summer vacation. Swimmers and other equipment will be handed out in the near future, perhaps on July 6 when the senior members and the juniors get together for a joint picnic which will be held at Grimsby Beach.

A program of sporting events is being planned with prizes galore for the winners, also special softball games, with the winning junior team taking on a team of senior "all-stars." All members of both clubs who can make it by three o'clock, will leave from the

library, while senior members who cannot make it until later will join the throng in time for supper.

BEACH AQUATIC CLUB NOW AFFILIATED WITH O.A.S.A.; CLASSES OPENED

The Grimsby and District Aquatic Club has started its activities again for the summer season. This year the local club is affiliated with the Ontario Amateur Swimming Association, which is one of the strongest organizations of its kind in Canada. This affiliation gives the Grimsby Club the privilege to enter competitors in the meets which are sponsored by the O.A.S.A. The meet held annually at the Toronto Exhibition is one of these.

There will be several meets held by the local club this summer, the first of these is to take place on July 2nd at Grimsby Beach and there will be a much larger meet early in August. Instruction for the club will be handled by Miss Ruth Powell who is a first year Physical Education student at McGill University in Montreal. Miss Powell will teach speed swimming including race diving and turning to the more advanced students and will also handle instruction for all ages and stages of advancement in the sport. Classes will be held every day and on Tues, day and Thursday evenings.

Entry fee to the club will be a dollar per person, and three dollars for a family, this to cover the O.A.S.A. entry fee which the club must pay for each member, and also to pay for club equipment. Application forms may be obtained from the President of the Club Dr. A. C. Stone, 8th St., Grimsby Beach. All competitors in the local summer meets must be members of the aquatic club.

WINONA PUBLIC SCHOOL HOLD SPORTS DAY

Despite drizzling rain, the pupils of Winona Public School carried out a successful Field Day, on Friday, June 18, with plenty of enthusiasm, goodly number of parents and friends were on hand to witness the sports. The competition was keen with results as follows:

Straight Race
Girls, pre-school: Judy Cudne, Donna Carpenter.
Boys, pre-school: David Brent, John Bailey.

Girls, 6-7 years: Lois Carpenter, Marilyn Leng.

Boys, 6-7 years: Bobby Parry, Lewis Polanatho.

Girls, 8-9: Carol Cudney, Lilian Bauer.

Boys, 8-9: Peter Fortune, Kenny Nakashimi.

Girls, 10-11: Elizabeth Welker, Jean Keegan.
Boys, 10-11: Eddie Welker, Jimmie Scotland.
Girls, 12-13: Elizabeth Keegan, Jeanette Smith.
Boys, 12-13: James Sagara, John Koudys.

Boys, 14 and over: Richard Collin, George McDougall.
Three Legged Race
Girls, 6-10: Barbara Jean Hall, Elizabeth Welker; Doris Williams and Toni Kitagawa.

Boys, 6-10: Tony Seeman and Frank Keegan; Roy Frederick and Eddie Welker.

Girls, 11 and over: Mary Smith and Evelyn McConnell; Rita Schuling and Elizabeth Keegan.

Boys, 11 and over: Eddin Malin and Owen Haryman; James Sagara and John Koudys.

Wheelbarrow Race
Girls, 6-10: Elizabeth Welker and Barbara Jean Hall; Donna McConnell and Rosalene Harris.

Boys, 6-10: Kieren Hayes and Walter Wilkes; Eddie Welker and Roy Frederick.

Girls, 11 and over: Elizabeth Keegan and Doris Moore; Evelyn McConnell and Mary Smith.

Boys, 11 and over: James Sagara and John Koudys; Eric Campbell and Karl Welker.

Softball Throw
Girls under 12: Rita Schuling, Elizabeth Welker.

Boys under 12: Jimmie Scotland, Bob Oakes.

Girls over 12: Doris Moore, Elizabeth Keegan.

Boys over 12: Richard Collin, Owen Hardyman.

Ball Relay
Senior Girls: Phyllis Cocks, Elizabeth Keegan; Rita Schuling and Doris Moore.

Senior Boys: Eddin Malin and Richard Collin; Marvin Ewan and Ronald McConnell.

The southernmost point in Canada is Middle Island, in Lake Erie.

The first commercial telegraph line in Canada was set up in 1847, linking Toronto, Hamilton, St. Catharines, Niagara Falls and Buffalo.

BOY SCOUTS

top badge for scouts and a boy reaching this pinnacle is worthy of the utmost recognition. Commissioner Gibson in making the presentation, stressed his pleasure in seeing three boys from this particular troop qualify for the badge and also the All-Round Corda signifying the successful passing of eighteen proficiency badges.

One of the features of the afternoon was the presence of the Jamboree Troop, which will make the trip to Ottawa in the near future. The three boys mentioned above are to be included in this Troop.

Led by Master of Ceremonies James Baker, District Scoutmaster, the assembly sang the scout hymn, Onward, Boy Scouts, Onward, with the Beamsville Band providing accompaniment. This was followed by the presentation of Bronze Arrow Certificates to several boys who successfully passed the course which was held in Beamsville this spring.

Speaking on behalf of their respective group committees and on scouting in general, Van Hodges, Beamsville, Horace Cocks, Winona, and Frank Sutherland, Beamsville, all urged the public to continue their support of the Scout movement. Said Mr. Hodges, "These boys are the youth, what they do with it depends largely on themselves, but we also play an important role in their future. By turning out as you have to-day to honor them is significant and of great importance to these boys."

Mr. Sutherland spoke briefly on behalf of the Rev. E. A. Brooks, District Committee Chairman, who unfortunately was unable to attend due to previous commitments.

Near the close of the impressive ceremony, Scoutmaster Jeff Hambrook of the Winona Troop was presented with a gift on behalf of the boys of his Troop, which has thrived under his guidance since its inception five years ago. Mr. Hambrook is undoubtedly one of the best loved leaders in this area, and is richly deserving of the recognition given him by his boys and group committee.

The ceremony was brought to a close with a prayer for the Jamboree Scouts given by Rev. Balderson, followed by the singing of Lord Lang Syne and the Maple Leaf.

LOCAL MAN BITES

fore Magistrate Hallett on two charges: being intoxicated in a public place and assault and causing bodily harm to a police officer. It is alleged that he entered the Grimsby Police offices around noon on June 19 and requested the use of the telephone to call his employer to come and pick him up. After making the call he was said to have used abusive language and to have become disorderly. When Constable Davies of the Grimsby force took action to arrest the man, Johnson attacked the officer and bit his shoulder causing a severe wound. He was subdued with the help of passersby. The case was remanded until the 28th of June.

HISTORICAL SOCIETY

had indeed been invested with the freedom of the house and grounds. And there is much to interest, both in past history and present charm.

The house itself has not been greatly altered structurally since it was built. A coat of stucco covers the original frame siding and a wide screened porch has been added to the front and north side. In the cellar, which served as a kitchen in early years, is a big brick open fireplace and bake oven. Cranes and hooks for hanging kettles and roasting the Sunday joint are still in place. Close to the beams are racks for drying apples which go back to the time when The Hermitage was set in the midst of a famous apple orchard. On the floor above, an enclosed staircase ascends to the sleeping rooms. So narrow is it that all but the slenderest members of the household must surely have required a shoehorn to ease them up and down the crevice. The water supply for the house came from a sixty-five foot well in the dooryard. It is no longer used.

A vacant space which has been left among the peach trees between house and lake opens up a delightful glimpse of sun-spangled blue water. A path leads to the lake bank where a bench invites to rest and contemplation. No one seems to be quite sure why the small indentation in the shoreline at this spot was named Smugglers' Cove. An oak tree here was used as a lookout by scouts in the war of 1812 who kept an eye on the movement of passing craft.

The present barn was in existence in 1810 and just beyond is the gully to which the women and children of the household fled for refuge during the shelling along shore by the American navy.

Mr. L. J. Pettit, president of the Society, acted as chairman for the short program which was based on the War of 1812 as it affected Grimsby and Grimsby people.

Miss Mary Burnham, of "Lake Lawn", a descendant of the Nelles family, gave a paper on The Battle of The Forty, presented vividly and in compact form, beginning with the causes of the War and world conditions of the time. It was on June 18th, 137 years ago, that the War began, and in June, 138 years ago, that American soldiery encamped "on a level plateau" at The Forty on their retreat following the Battle of Stony Creek. The Independent hopes to print this paper in full in a later issue.

Miss Helen Nelles, of Lundy's Lane, contributed two poems to the program—"The Ancestor," and "The Descendant," written by a member of the Nelles family living in the Mohawk Valley, New York State. The poems take a gentle "dig" at family tree chasers. Miss Nelles is the unofficial but recognized liaison officer of the Grimsby and Grand River Nelleses, and the Nelleses Who Stayed Behind. She brought congratulatory messages from Lundy's Lane Historical Society, which recently celebrated its Sixtieth Anniversary.

At the close of the program a group of High School girls, Junior Members of the Society, led in the singing of the national anthem.

A partial list of relics of the War of 1812 on display in the bookroom is given here.

Master Rolls of Captain William Nelles ("The Hermitage") of the 4th Lincoln Regt.

Master Rolls of Colonel Robert Nelles ("The Manor"), of the 4th Lincoln.

Master Rolls of Captain Henry

Nelles; Three Parcels of Captain Henry Nelles as a prisoner of war; Letter of Captain Henry Nelles to his father Robert Nelles after he had been taken a prisoner at the battle of Lundy's Lane.

Two Commissions of Lieut. Jonathan Pettit of the 4th Lincoln.

One Commission of Captain Peter Hare of the 4th Lincoln.

Two letters of Captain Peter Hare regarding his services in the War of the Revolution and the 4th Lincoln Regt.

Extract of letter from Earl Balthurst to Sir George Prevost at the time of General Brock's death (Col. Robert Nelles).

Red Coat, Sword, Sword Stick, belonging to Col. Robert Nelles.

Sword of Capt. Jonathan Pettit.

Sword of Capt. Ralph Walker.

Cheese board, said to have been the one on which the officers were playing at Niagara the night war was declared.

Two Pistols—used in the War of 1812—belonging to Capt. William Nelles of "The Hermitage."

Medical Chest, carried during the war by Dr. Cyrus Sumner. He was in every important battle and went to Detroit with General Brock.

Indian Tomahawk. Case of arrow heads, found on the farm of E. C. Apin.

Cannon balls found on the farm at Grimsby and eastward—proof of the battle.

Battle axes—buttons.

On the walls above them are the oil portraits of John Adolphus Nelles and his wife (a member of the Sumner family), whose home this was in 1864.

Tea was served by Mrs. E. W. Phelps and her capable assistants, with Mrs. A. Lucas presiding at the tea table.

The following, who are Executive Officers of Grimsby Historical Society, acted as conveners of the various committees whose combined and co-ordinated efforts made the garden party an outstanding success and a function that will be long remembered.—Mr. L. J. Pettit, president, Mrs. Jas. Powell, Mrs. Harry Powell, Mrs. T. G. Marquis, Mrs. L. Johnston, Mrs. E. W. Phelps, Prof. V. W. Jackson, Mrs. L. M. Nelles.

GRIMSBY POSTMASTER

mittes, said that the small number of resolutions and complaints submitted to the conference indicated a general satisfaction with the new streamlining process within the Department.

J. A. Robillard, St. Theresa de Blainville, chairman of the Quebec committee said that compared with former years his group had little to do.

THE GRIMSBY INDEPENDENT

CONTINUATIONS

AMERICAN VISITORS
dent of the association, picked the party up at Niagara Falls on Friday. He toured them all over the south country clean through to London, then brought them down Number Eight and toured them along the Ridge Road east and

west of the Grimsby mountain top, and took them to Beamer Park and The Point.

The expressions of praise from the people from the land of wheat field and oil derricks for our fertile Grimsby valley were unbounded. As one beautiful Oklahoman lady expressed to me "I never

seen a peach tree before in my life." They all were enamored with the great Niagara Peninsula and particularly with the Great Grimsby Peach Belt.

I had the pleasure of having three of those newspaper editors go through The Independent plant and of examining and checking some of the job work that comes out of our plant, particularly the High School "Student" booklet. Two of those men were from Kansas, one from Oklahoma. All successful newspapermen.

The party was in town for three-quarters of an hour and do not think that they did not have some money in Grimsby, because they did, and I have proof of it.

Constable Davies on duty last Saturday afternoon was the very personification of courtesy to this party of Americans in many ways, as one lady expressed it in getting aboard the bus "I always thought Canadian cops were so tough, but he is a regular gentleman." I assured her that all Canadian cops are gentlemen.

Thanks, Mark, old boy, the next time I see you I hope you bring me down a hantam rooster.

EARL MARSH ELECTED asked to attend and to bring small wreathes with them.

Lion Earl also said that arrangements, other than construction, for the carnival, were well under way and that ticket sales were excellent.

Lion Reg. Henderson gave a very favorable financial statement which showed that the club was in healthy financial condition. The reserve, however, will be considerably depleted by the work being carried on this summer. In connection with this Lion Chief Millard said that the work of the recreational committee was well under way, a director having been hired.

The President's report outlined briefly the work of various men and committees during the past year. The President in giving the report, said that he felt it was one of the best years that the club had had, and this, he felt, was due largely to hard work and co-operation by the members.

A motion was put before the meeting by Lions Stan Globe and Erwin Phelps that periodically a director's meeting and/or a dinner meeting be thrown open to give a chance for general discussion and thus to give the ordinary Lion a chance to take a fuller part in the activities of the club. This motion was put in the form of a recommendation to be considered for action by the directors.

An amendment was added to the motion by Lion Spencer Merritt and Lion Harold Matchett, that the directors consider methods of giving the members more information. The motion and amendment were passed. In this same connection, District Governor P. V. Smith recommended that the discussion should be excluded from dinner meetings where possible and left to the directors who would not be dictatorial since each big question was brought before the club as a whole.

Past President Aub. Crich presented the Past President's pin to the retiring president, Carm. Millard, after which the following officers were installed by Governor Smith: Directors (1 year): Bob Bourne, George Nelles; (2 years): Spencer Merritt, Herb Betmer; Lion Tamer, Dick Mitchell; Tail Twister, Frank McPhail; Treasurer, Fred Jewson; Secretary, Verr. Tuck; Vice-Presidents: 1st, Bob Johnson, 2nd Ken Baxter, 3rd, Bill Hewson; President, Earl Marsh. As each officer came forward, Governor Smith explained the duties of his office to him and then all made the simple promise to serve the club faithfully. A similar promise was taken by the other members of the club.

The meeting closed with the Maple Leaf.

LOCAL ENTRIES ARE WELCOMED FOR FALLS POLICE FIELD DAY

From the advance information received, it looks as if the Field Day to be sponsored by the Niagara Falls Police Association will be quite an event. The date is August 1, and the place is Oakes Park, Niagara Falls, Ontario. The program will include sports, a beauty contest, and a band display.

The sports events will be open to any amateur living in this lower part of the Niagara Peninsula, and will include jumping and racing events and a tug-of-war. The meet is sanctioned by the Amateur Athletic Union of Canada, South Western Branch.

The beauty contest is restricted to local belles in the lower peninsula area, and no entries from Toronto or Hamilton will be invited. Prizes offered range from \$300 and a beautiful rose bowl for first to \$100 for third. Entry forms are now available at the police station or at certain selected stores. There is no entry fee.

Bands from several Canadian and United States centres will participate in the band display, under the direction of Bandmaster Charles Powers.

The Field Day is under the general chairmanship of John Cunningham, and each event has its individual chairman, namely: Beauty Pageant—Frank Harrod, Sports—George Hughes, and Band Display—Farquhar Chisholm.

WIDELY HERALDED FILM HERE NEXT WEDNESDAY & THURSDAY

Sheer artistry stamps Warner Bros' new drama "Johnny Be- Linda" which co-stars Jane Wyman and Lew Ayres. This unusual film comes to the Rex on Wednesday, June 29th. It is a simply-told tale of love and betrayal, and through the meritorious team work of all Warner departments, something rare has been turned out. Miss Wyman's triumphant performance is something special to get excited over, and the quiet charm of Lew Ayres complements her appeal, and he makes his doctor's role impressive. Charles Bickford is another important member of the cast, and that sterling character actress Agnes Moorehead is also present. Briefly the drama relates the plight of Belinda, who does most of the hard work on her father's bleak farm. No one pays any attention to her until the village doctor comes to her until the village doctor appears and tries to educate her. Her life takes on a new interest until one night a bully attacks her. Her life then becomes a public scandal and she is ostracized. She flees for her baby and kills her attacker. Placed on trial the doctor comes to her assistance in a most unusual climax.

In Manitoba, in 1947, over 25,000 acres of land were devoted to commercial growing of sunflowers. Oil from its seeds ranks close to olive oil in texture and color; the rest of the plant has many industrial applications.

Classified Advertisements

Classified advertising rates are Three cents a word. Minimum 40 cents. Names, addresses and telephone numbers do not count. Where classified advertisements come in over the telephone or are otherwise charged we will only bill once. All extra billings will be charged at the rate of 10 cents each billing. UNUSED FIRE SIGNAL

"5-5-5" is one alarm of the Fire Department of New York that fortunately has never yet been used. If sounded, this signal will mean that a fire is beyond control and all buildings in its path must be dynamited. The alarm will summon some 400 sappers and miners who are trained to handle such a dangerous job and who will rush to the scene from wherever they happen to be by taxi or some other quick means of transportation.

GARDEN PARTY FRIDAY AND SATURDAY

The St. Joseph's Church Annual Charity Garden Party will be held to-morrow and Saturday at the St. Joseph's Parish grounds on Paton St. This is the 46th annual Garden Party on behalf of the church.

The feature of the affair will be a draw for the grand prize which this year is a bicycle. As well as the bicycle, there will be numerous cash vouchers as consolation prizes.

Games of chance will be in evidence, as usual, among which will be found the movie star game, bingo and a horse racing game. In the way of refreshments, home baking will be the feature with another booth providing pop and ice cream. A little bit of novelty will be added by the fancy work booth which will no doubt be of interest to the ladies.

The Garden Party promises to be a big affair this year, and with the proceeds all going to a very worthy cause. Why not plan on attending this the 46th Annual St. Joe's Garden Party.

Between them, Canada's two major railway systems maintain nearly 56,000 miles of track, 10,000 bridges, 180,000 culverts and over 100 tunnels.

Stuff 'Round Town

By GORD MCGREGOR

This week we dedicate this column to a most important phase of the weekly newspaper—filler. As a matter of fact the only reason we are doing this is to filler. The filler is of utmost importance to all newspapers, weekly and daily. When news is at a premium and one just cannot find material to fill in between the advertisements, one reverts to filler.

Now this stuff comes in great gobs through the mail, and it may concern anything from a new type of shower curtain to the three-footed grail of Middle Filistinia. We suppose that the person who edits these fillers prior to sending them out, believes they have selected only the items which would be of greatest importance to the most people.

Now here is a choice item which I suppose ten of our readers might happen to read and enjoy—why we wouldn't know. "The scarcity of ivory billiard balls in 1948 was the reason for John Wesley Hyatt's search for the development of plastics; his billiard ball was the start of the present plastics industry." Well, there now, wasn't that enlightening. And here's another smashing item that certainly requires no washing up by and editor. "The average Canadian uses well over twenty pounds of soap a year. Mostly on Saturday nights."

Ha! so you didn't know you used twenty pounds of soap throughout the year, huh? Well, then, that just proves that a filler is not as useless as it might seem.

As Frank Tumpson said not so long ago in the Globe—"If the inspirational filler is any criterion, the others are going to be awfully goody-goody and will probably run something like: 'Don't make fun of grumpy because she falls while doing the rhumba. Encourage her to stand on her head instead.'"

Personally we should like to see something more concrete in the newspaper filler, and the closest we have come to realizing this in the past few weeks is by reading the Toronto Daily Star. Now it might come as a surprise to you as it did us, but nevertheless there they are using filler right on the front page. Horrors, this indeed is a grave injustice to the newspaper trade.

But there it is, columns and columns of filler, telling about the fallings of a man named Drew. Now this type of misleading filler cannot be taken lightly, nor can we possibly excuse the Star for such unpardonable journalism about the future Prime Minister of Canada. There's one thing about it though, they will have plenty of filler on the leader of the opposition party—to say nothing of pictures.

On second thought perhaps we really do not like this type, and should stick with more informative stuff such as the fact that ever since man ate of the fruit of the Tree of Knowledge he has been out on a limb.

You, the filler plays an important role. Be sure to look for the fillers and read them just for the kicks. We may even fool you sometime and insert a local filler such as: the tax rate in Grimsby is estimated by many as being too high. Now goodness sake wouldn't it be a pity if somehow you missed this and went about in complete ignorance of the fact. See what I mean—you just can't ignore the filler.

Well, that fills this space for this week.

The first phase of irrigation on the prairie took place 60 years ago when some ranchers tried to grow winter feed by diverting water from small streams to irrigate native meadow lands.

Of interest to babies is a two-foot tropical plant grown in the West Indies and other warm countries. It is sometimes called the "ara" plant. Its roots form the basic ingredient for pacifying, nutritional arrowroot biscuit.

NEW ISSUE FOUR CENT STAMP NOW BEING SOLD

L. A. Bromley, local Postmaster, stated this week that a new stamp has now been issued by the Post Office Department to commemorate the celebration of the 200th Anniversary of the founding of Halifax. The stamp is a special issue of the four cent denomination and appeared on June 21st. The scene on the stamp is a painting by C. W. Jeffrey's entitled "The Founding of Halifax, 1748."

COUNTY COUNCIL OPEN JUNE SESSION

Warden Leslie Lymburner opened the June sessions of the Lincoln County Council in St. Catharines Monday morning following a tour of the county Industrial Home property on Ontario street. It is expected that the question of disposal of a portion of the property will be discussed at the sessions this week.

The council was requested this morning to make a maintenance grant of \$1,500 to the Niagara Cottage Hospital in Niagara-on-the-Lake for the year. Appreciation for the capital grant made recently by the council to the West Lincoln Memorial Hospital in Grimsby was expressed by letter to Warden Lymburner and the council by the directors of the hospital. The council was notified by Chief Municipal Engineer J. A. P. Marshall of the Department of Highways that an Order in Council had been passed approving additions to the county road system in 1949.

Approval of resolutions from other county councils in Ontario was requested at the opening of the council sessions Monday. The County of Perth submitted a resolution for approval petitioning for changes in acts so that instead of prison terms of 18 to 36 years in the penitentiary, the said terms be cut in half and inmates be administered. The County of Bruce requested the approval for a resolution asking for an amendment to the Children's Protection Act to provide that a 25 per cent grant be paid by the province on grants to Children's Aid Society campaigns.

The council was also notified by the Department of Agriculture today that the limit of \$500 for weed inspection and that the department will pay fifty per cent of weed inspector's remuneration and expenses.

All-Out Offensive Against "Apathy" And "Indifference" — Legion

Lt.-Col. L. D. M. Baxter, O.B.E., V.D., of Winnipeg, Dominion President of The Canadian Legion, B.E.L.L., today announced the opening of a nation-wide campaign to urge the public to do its part in preserving democracy by voting on June 27th.

The Legion calls its campaign "Operation Vote" and operational orders have gone out to all of its 2000 branches in Canada, urging them to muster their forces for an all-out offensive against the enemies of democracy—Apathy and Indifference.

Col. Baxter pointed out that the Legion's membership was composed of men and women who had faced the enemies of freedom in time of war and helped to preserve our democratic way of life. He said that, in sponsoring the present campaign, the Legion is endeavoring to alert the Canadian public against the dangers facing a nation whose citizens become indifferent to their democratic responsibilities.

The Dominion President stressed the fact that the Canadian Legion is an organization that is completely non-political and non-partisan, but is vitally interested in the maintenance of democratic principles.

There are over one and a half million people who abstained from voting in the last election, or one out of every four eligible. Col. Baxter said. There are eight million people eligible to vote in the coming election.

It is the duty of every citizen, the Legion leader said:

- (1) to acquaint himself with the questions at issue and the attitude of different parties;
- (2) to choose a party or support an independent candidate;
- (3) to take some part in selecting a candidate;
- (4) TO VOTE.

This is the only way in which the people at large can share in the government of the country, the Legion's national head asserted. Only by expressing their will at elections can they determine their future and maintain the principles of democracy.

The Canadian Fisher, sometimes called the Pennant or the Black Cat, is a fur-bearing member of the weasel family, and is the largest of the North American Martens. For its size, it is the swiftest and most deadly of our fur-bearers.

LAKE ONTARIO HAS TAKEN A BIG DROP

(By Professor Vincent W. Jackson)

After winter of snow and ice it is now a relief to cite the low lake level. A continental ice sheet over 1,800 feet thick moved down from the north and gouged out the Great Lakes and left granite boulders strewn over half of America. Vast gravel ridges or moraines were left from which our extensive system of concrete and gravel roads have been made.

As the Laurentide ice front slowly melted away, great glacial lakes formed along its margins. Lake Ontario was so formed—twice its present size, extending to the Niagara escarpment—150 feet above its present level. Its overflow through the Mohawk Valley maintained a constant level (302 feet) for a long time and is known as the Iroquois Beach—the shore line of Lake Iroquois until the Laurentide ice sheet receded to the Ottawa Valley, and Lake Iroquois found a new outlet to the sea via the St. Lawrence, thus lowering the glacial lake to its present level. Thus Lake Ontario was born.

But nothing is constant or fixed in nature. When this mysterious world takes a deep breath, or internal heat causes unrest, mountains and lakes must give way. Under the igneous pre-Cambrian shield a great uplift has warped the surface and raised Lake Ontario basin some 900 feet at its eastern end. This tilting of the basin has flooded the western end of the lake. Jordan Harbour fifteen-mile Creek Inlet and the Niagara River up to Queenston, are unnatural—they are known as "drowned rivers." This gradual increase in height as you go eastward on Number 3 Highway is very noticeable and at Trenton you can readily see why the Trent valley was closed as a tributary to the lake, as it had formerly been.

Lake Ontario Shrunken in Size
The black area on the map shows the extent of Lake Iroquois, and you will notice that the uplift of the "Davenport Ridge," or north shore, is from 200 to 300 feet higher than the south shore Ridge Road, where the rise eastward is less than one-half foot per mile. Syracuse, 170 miles east of the High Level bridge, is only 71 feet higher. The epicentre of uplift must therefore have been north of the St. Lawrence. Cornwall had a reminder of this recently when an earthquake caused some \$100,000 damage there.

Perhaps the Niagara escarpment has pinned down the west end of Lake Ontario. This, too, rises rapidly northward. Note that Mount Nemo is 300 feet higher than Grimsby Point. And the Caledon Hills, 35 miles farther north, are 1,500 feet above sea level and visible from Number 8 Highway on all clear days. And of course, all Paleozoic limestone strata of Ontario and New York dip southward one foot per mile. All these geological facts are factors in the mysterious birth and tilting of Lake Ontario.

Stocks of creamery butter in nine Canadian cities on April 22nd, 1949, amounted to 5,364,000 pounds—over three times as high as last year's 1,708,000 pounds.

Of the 75 essential oils used in the making of perfume, only eight are produced in the Western Hemisphere, and all of these are wild-growing plants.

CHILDREN'S AID SOCIETY A COMMUNITY RESPONSIBILITY

This is one of a series of articles submitted by The Children's Aid Society of the City of St. Catharines and the County of Lincoln. Our purpose is to further community understanding and interest in all programs dedicated to raising the standards of child and family life in our midst.

Why All This Talk About Needing Foster Homes?

"We've had our name in for a baby to adopt for several months now, and yet the Children's Aid Society is always asking for more

foster homes. I can't understand it."

This is a remark those of us doing Children's Aid work hear a great many times during the course of the year and some explanation we feel is necessary.

Going back to the heading of this article, we quite agree. There is a lot of talk about needing foster homes and quite rightly so.

Getting down to facts the situation is simply this.

As of the end of April 1949, there were about 24 children in the care of the Children's Aid Society and

placed in foster homes. These are children who for some reason or other it has not been wise to leave with their parents and therefore "substitute" or foster homes must be provided.

Under the Children's Protection Act of Ontario there are 13 different types or categories under which the law classes a child as being "neglected." To mention a few:

"A neglected child" shall mean:
(1) A child who is abandoned or deserted by his parents or only living parent or who is deserted by one parent and whose other parent is unable to maintain him;

(2) A child whose parents, only living parent, guardian, or other person in whose charge he may be, cannot by reason of disease or misfortune, or infirmity, properly care for him;

(3) A child, born out of lawful wedlock, whose mother is unable to maintain or unfit to care properly for him.

As indicated above there are 13 causes of neglect and these are but a few. However, they do show very pointedly that a child living under such circumstances may be looked upon by the Children's Aid Society as a "neglected" child.

When such a child is taken out of his home or away from his parent or parents it is only on the understanding that the Children's Aid Society brings the child and parents to the attention of the court. The Judge on hearing the evidence presented both by the Society and the parents, determines whether the child is neglected, within the meaning of the law or not.

If the child is claimed as neglected by the court, then the Children's Aid Society is called upon to act as legal guardian of the child and must make proper provision for its welfare.

For the most part, these children are made what we call, Temporary Wards for a period of a few months up to a year, and during the time they are under the supervision of the Society, they are placed in temporary or foster homes.

These are homes like yours and mine, where there is a mother and a father present. They are folk who because of their love of children, have opened their homes and their hearts to these little ones, until such time as their own homes can be re-established.

These children we have been talking about as "Temporary Wards" are not available for adop-

tion for they are only temporarily in the care of the Children's Aid Society and they rightfully belong to their parents.

During the time they are in our care, we endeavour to work with the parents to iron out the difficulties which caused the break-up of the home so that parents and child or children as the case may be, can be reunited as soon as possible.

Because we believe that every child is deserving of a "home type of environment" we have no shelter, relying entirely upon the good-will and the Christian love of children of folk in the community like yourself.

Who not enough people in the city and county are prepared to open their home to a child on a temporary basis. It means overcrowding the homes we already have. This one can readily see, is not fair either to the child or to the foster parents.

We need homes, yes, lots of them, for children entrusted to our care on a temporary basis—won't you help us to make their lives as happy as possible by making your home available to them?

We would be only too happy to discuss the actual details with you any time. Just call in at the office 11 1/2 James Street, St. Catharines, or phone 3-8539.

When thinking of the needs of other children just think what you would want for your own.

Next week we will attempt to deal with the question of children for adoption and how they come to the attention of the Children's Aid Society and are subsequently placed with you.

"Barbara Allen" has had one of the longest runs on the hit parade of British ballads. It was mentioned in Popsy Diary.

It is commonly believed that a cross-eyed person always sees double. This is not true. Such a person usually uses only one eye.

Even if you are on the right track you will be run over if you sit there.

WEDS COMMONER, FORFEITS THRONE

—Central Press Canadian
Prince Fleming of Denmark, is shown with his commoner bride, the former Ruth Nistma, following their marriage in Copenhagen. The youngest son of Prince Axel and Princess Margareta, the Prince automatically forfeits his rights of succession to the crown by his marriage to one not of royal blood.

Philip D. Reed (left) of New York, member of the International Chamber of Commerce Council, just after he assumed presidency of the I.C.C. during the 12th Congress in the Chateau Frontenac Hotel, Quebec. With him are Sir Arthur Guinness of London, England, the retiring president (centre) and James S. Duncan, president of the Congress.

Experience in the Public Service COUNTS

GEORGE DREW

Alderman, Mayor, Provincial Party Leader, Three Times PREMIER OF ONTARIO . . .

Then—LEADER OF THE OPPOSITION in The House of Commons, Ottawa.

No other national leader can match this record of public service on ALL LEVELS OF GOVERNMENTAL ACTIVITY.

George Drew, more than any other national leader knows that government—to remain DEMOCRATIC,—must remain in the hands of the people. As an alderman he concerned himself with the problems of his ward. As mayor, he worked for a better community. As provincial legislator, he worked in the interests of the people of his constituency. As Premier of Ontario he gave his native province the finest administration in its history . . . George Drew has succeeded as an administrator because he believes in TEAMWORK and CO-OPERATION on all levels of government.

As PREMIER OF ONTARIO he held more cabinet meetings and with greater frequency than any government in Ontario's history. As leader of the official opposition at Ottawa, he brought new life and energy into the House of Commons,

and a renewed respect for the principle of Parliamentary Government.

PROGRESSIVE CONSERVATIVE CANDIDATES give wholehearted support to George Drew because they will be Members of Parliament in FACT as well as in NAME. No longer will members be forced to yield all power to bureaucratic cabinet ministers and centralizers and fail to give full representation TO THEIR CONSTITUENCIES . . . Compare the records of George Drew and YOUR PROGRESSIVE CONSERVATIVE candidate with those of other party leaders and candidates.

Your vote on June 27th for your PROGRESSIVE CONSERVATIVE CANDIDATE will mean that you will be represented in Parliament by a supporter of A PROGRESSIVE CONSERVATIVE GOVERNMENT under the leadership of George Drew.

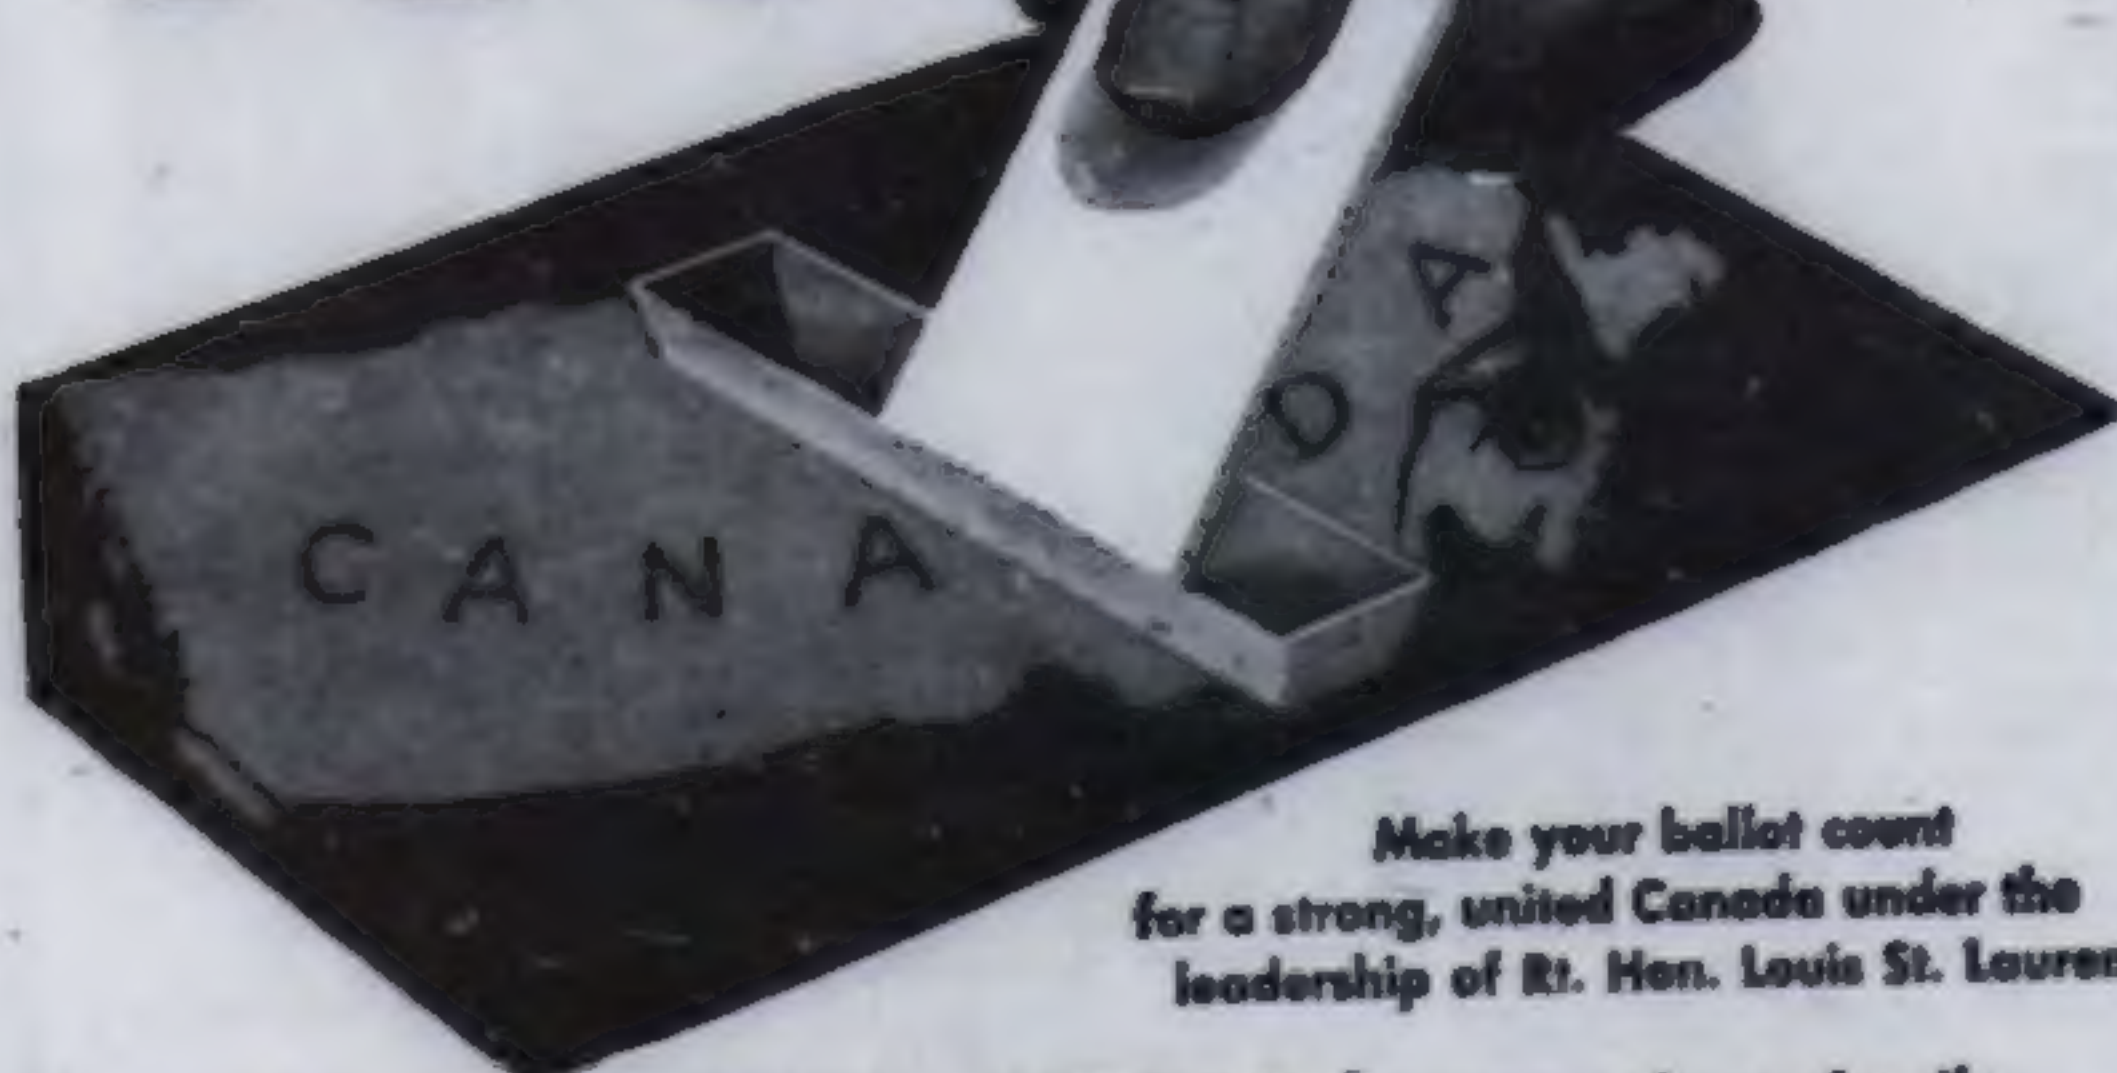

VOTE FOR
C. BRUCE HILL
YOUR PROGRESSIVE CONSERVATIVE CANDIDATE

Published by the Progressive Conservative Party of Canada, 141 Laurier Ave. W., Ottawa A3

It looks like a long step from the massive piles of raw wood (top) to the smoothly fashioned pieces of modern furniture shown below, but Canada's processed wood industry bridges the gap with ease. The timber will be exploded into wood fibre which is then felted into strong, hard panels of Masonite Presdwood. Unlike sawn lumber, Presdwood hardboard can be bent or curved with ease, making it a key material in meeting today's demand for streamlined, attractive and easily fabricated products. The timber stockpile pictured feeds the Masonite mills at Gatineau, Que.

UNITY BEGINS WITH YOU..

Make your ballot count
for a strong, united Canada under the
leadership of Rt. Hon. Louis St. Laurent

VOTE FOR GREATER SECURITY for you and your family

INDIVIDUAL SECURITY — Employment, trade, income are all at new high levels. Taxes have been reduced. New factories, new developments of oil, mineral and other natural resources are creating more wealth, more jobs.

SOCIAL SECURITY — The Liberals have put through all these social benefits: Old Age Pensions, Pensions for the Blind, Family Allowances, Hospital and Health Grants, Unemployment Insurance, Floor Prices under farm products. The Liberal aim is nation-wide contributory old age pensions and contributory health insurance.

NATIONAL SECURITY — The Atlantic Pact against aggression and war has the complete support of all Liberals. Rt. Hon. Louis St. Laurent was one of its first and strongest advocates. Canada stands united and ready, in cooperation with other democratic nations, to do her part in building peace and security.

SAFEGUARD YOUR SECURITY.
YOUR STAKE IN CANADA'S FUTURE

VOTE LIBERAL!

INSERTED BY NATIONAL LIBERAL COMMITTEE

FAMOUS DOUBLE CROSS

A classic case of double cross which led to the death of Marie Defenbach, a model, who was betrayed by her pale-in-crime, occurred in Chicago in 1900. She had been persuaded by a Dr. August M. Unger to join him in which her first act was to assume a new name and move to another boardinghouse to avoid interference by her family. Then, making the men her beneficiaries, she was to take out \$10,000 worth of life insurance, half of which was to be her share of the swindle. Her "double" was to be handled by the doctor, who would give her a medicine that would induce a deathlike sleep. Later, Unger assured her, he would be she was revived in a back room of the undertaking parlor, spirited away, and an unclaimed body cremated in her place. And the girl believed him! On the night of August 25th, after all preparations had been completed, Marie told her landlady she was sick and sent a messenger for the medicine. After taking it, she died, in great agony, in 15 minutes. A few weeks later, her uncle heard of her death, investigated, learned what had occurred and, within six months, the men had been caught and were on trial for fraud. One turned state's evidence and was freed, while the doctor and the other man received five-year sentences. They were not tried for murder because there was no proof of their connection with it. Even the messenger could not identify Unger as the clean-shaven man who had handed him the medicine, because the doctor, in the meantime, had regrown his sideburns and heavy mustache.

BROOKLYN ENIGMA

On February 2, 1886, a seven-year-old Brooklyn girl, Mollie Fancher, had a strange fit, was put to bed and never left it during the rest of her life, a period of 50 years and eight days. An injury to her spine, received seven months before, was said to have caused the fit and paralyzed her legs. Soon afterward, Mollie developed a number of incredible "psychic powers" which she demonstrated to hundreds of persons, and became world famous through the resultant publicity. She also made a fortune, as her home was visited annually by a tremendous number of admirers, few of whom failed to buy some article (embroidery, wax flowers, etc.) which she had allegedly made herself. Later, Mollie's feats were described in a book, filled with sworn statements of individuals who claimed they had seen her, for example, distinguish colors in pitch darkness, tell time by feeling the back of a watch, and when a wrapped book was laid before her, write down its name and the contents of a particular page. In 1894, she refused to be subjected to a scientific investigation by a well-known medical society and this killed the public's interest in the lady known as The Brooklyn Enigma.

CHILD'S DEVELOPMENT CAN BE GUESSED EARLY

A little baby in his crib, long before he can walk and talk, can be given psychological tests that will reveal how he will grow up.

After only one or two examinations of the infant, a trained expert can tell whether he is suitable for adoption and even give him a rating of "favorable," "highly favorable," or "unfavorable." Dr. Arnold Gesell, director of the clinic of child development, Yale University, told the National Academy of Sciences here.

If a baseball fan father wants to know whether his son is going to grow up to be a scoundrel, Dr. Gesell can tell him the answer before the baby is three months old. All babies during their first few months tend to lie with the head turned to one side and one arm turned in the same direction. A strong preference for the left side shows that the baby will later be left-handed, Dr. Gesell said.

During the baby's first year it is possible to detect nearly all cases of serious abnormalities, he told the scientists.

Various kinds of giftedness and temperamental qualities can be observed before the child is old enough to go to school.

RULES TOGETHER

"The girl who wheedles, sulks or cries to win special privileges from her parents is childish," says a 17-year-old friend of ours. A more mature approach, she says, is to call a parental conference and work out clear-cut rules of personal conduct.

Well-defined rules eliminate arguments with parents, she says. To prove her point she cites her own list of "rights" evolved in discussions with her elders.

At a family conference table, she settled she need plenty of sleep, especially on school nights, and need to limit herself to one dating per week. On this night, she home by 10 p.m. Week-ends, however, the curfew is extended until 8-night.

She is encouraged to entertain

her chums at home. Her parents, in deference to her role as hostess, assist her in greeting guests and bidding them good night. But during the evening they retire to an upstairs sitting room.

Permission to wear make-up is cheerfully granted by our young friend's parents on condition that bizarre and dramatic effects are passed by. A small allowance is paid her weekly.

The Alaska Highway is 1,800 miles long.

SPANISH STAMP ART

An issue of postage stamps produced by Spain in 1930 is the only one that ever caused international repercussions and, consequently, was withdrawn. Letters carrying this stamp were refused transmission in several countries on the grounds of immorality because it bore a reproduction of Goya's famous painting La Maja Desnuda, reputed to be one of the finest nudes in existence.

Skinny men, women gain 5, 10, 15 lbs.

Get New Pop, Vim, Vigor

There's a thrill in being healthy! Being healthy means you can do more, live longer, and enjoy life more. It means you can resist the attacks of colds, flu, and other ailments. It means you can keep your weight in the normal range, and your body in the best of health. The secret is in the blood. The secret is in the food you eat. The secret is in the vitamins you take. The secret is in the exercise you do. The secret is in the rest you get. The secret is in the love you give. The secret is in the life you live. The secret is in the health you have. The secret is in the happiness you find. The secret is in the peace you seek. The secret is in the joy you know. The secret is in the love you give. The secret is in the life you live. The secret is in the health you have. The secret is in the happiness you find. The secret is in the peace you seek. The secret is in the joy you know.

"Convenient as paying 'phone bills" say users of

'blue coal' Budget Plan

YOU'LL find your household budget will run so much more smoothly when you pay coal bills in small monthly amounts—just like a 'phone bill. The 'blue coal' Budget Plan fills your bin during the summer months, when the supply is best. Last year, Budget buyers saved real money when prices jumped. Put yourself in this position this year.

EASY TERMS TO SUIT YOU... NO RED TAPE

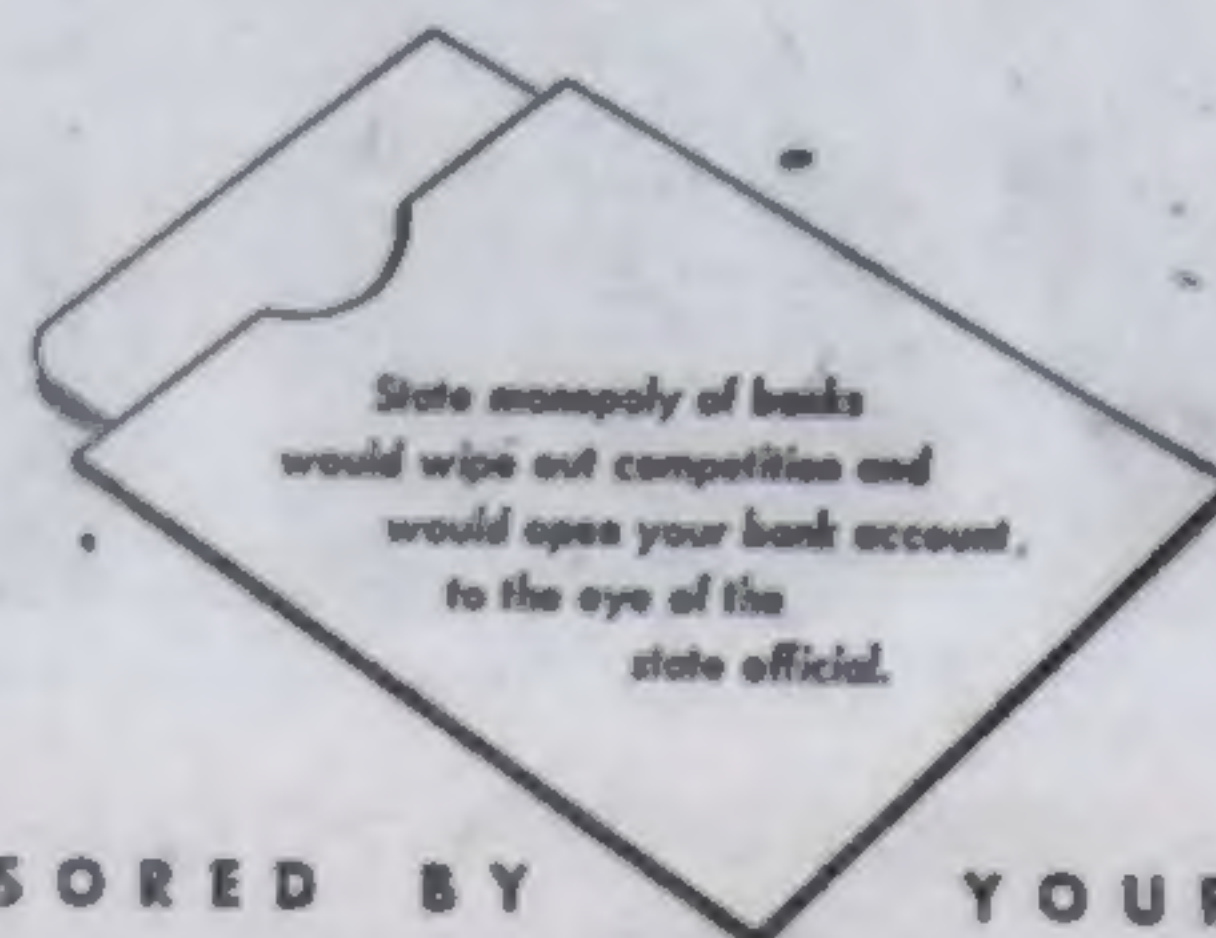

...well
practically unanimous

YOU CAN still find people who "don't believe in banks" ... who keep their cash in old coffee pots, or hide it in the woodpile, or carry it around.

But most folk nowadays keep their money in bank accounts. They can get it whenever they want it; and they can pay their bills by cheque. Canadians have more than seven million such deposit accounts. In terms of Canada's adult population, that makes it practically unanimous.

The banks, in turn, know they must earn this confidence by giving you the best service they know how.

Today you can take your account to any bank you choose. And what is in your bank book is strictly between you and your bank. It is your own private business.

CAVERS

A VOTE FOR CAVERS MEANS:-

Continuance of those Liberal policies and plans that have brought sustained prosperity to the farmers — net income today is four times as large as it was ten years ago.

A VOTE FOR CAVERS MEANS:-

Enlightened labour policies — Canada now enjoys the highest level of employment in its history — Everyone benefits from the sane, sound Liberal policies on trade and commerce.

A VOTE FOR CAVERS MEANS:-

Social security for the people of Canada — Look at the record — Unemployment Insurance, Family Allowances, Increased Old Age Pensions, Extensive Health Program. This means that everyone — merchants, workers, children, farmers, mothers, benefit from these Liberal plans.

A VOTE FOR CAVERS MEANS:-

A steady reduction in taxes (in 42 months taxes have been reduced by well over a billion dollars). This is good housekeeping on the part of the Liberal Government.

LINCOLN HEALTH REPORT

Vital Statistics

The population of the Unit area is given as 73,275. During the month there were 88 marriages reported. There were 163 live births and 44 deaths 3 of which were infants. The chief causes of deaths of residents were: heart disease 28, cancer 2, pneumonia 2, violent and accidental 2; all other causes 28. Infant resident deaths totalled 3, all of which were due to prematurity.

Clinics

Chest: There were 4 clinics at the St. Catharines General Hospital with a total of 41 examinations. At the beginning of May our register showed 407 cases of tuberculosis 13 new cases were reported and 2 cases moved in. There was 1 death. 3 cases moved out; further follow-up not necessary 1, so that the total number of cases on the register at the end of May was 419.

Child Health: There were 34 clinics held during the month with a total attendance of 971, registrations 194; return visits 777.

Medical Services

Office Work: During the month there were 95 vaccinated against smallpox, 4 doses diphtheria toxoid, 101 diphtheria toxoid with pertussis vaccine, 222 doses triple toxoid also, 270 certificates were issued. This work was done for 229 infants, 143 preschool, 174 school pupils and 49 adults.

Elementary Schools: 130 examinations were done in the schools with the parent present, 150 by request, 84 special examinations with a total of 274. 218 pupils had no defects, 29 were referred for observation and 26 were reported to the parents because of defects.

Secondary Schools: There were 11 consultations with students 106 examinations, and 1 special examination. 84 pupils had no defects affecting health, 33 were referred for observation, and 2 were referred to the physician.

Child Health Clinics: 333 infants and preschool children were seen by the Medical Officers in the various clinics during the month.

Completed Immunizations: Vaccine Virus—Total 152, 40 infants, 41 preschool, 21 school pupils. Combined Diphtheria Toxoid and Whooping Cough Vaccine—Total 8: 5 preschool, Diphtheria Toxoid Total 7: 7 school pupils. Diphtheria Toxoid, Whooping Cough Vaccine Total 81: 54 infants, 30 preschool, 7 school.

Re-inoculating or Booster Doses: Combined Toxoid and Whooping Cough—Total 216: 143 preschool, 60 school pupils. Diphtheria Toxoid Total 20: 1 preschool, 19 school pupils.

Dental Services

Eighty-three children received complete treatment in May. Forty-seven were given emergency treatment at the school clinic. Five pupils at St. Nicholas School are now finished. Treatment of children at Court Street School is completed.

Sanitary Services

A check was started on the milk producers in Haldimand County. All tourist homes, farm camps were inspected this month. A final check on all schools will be made in June. Mr. G. M. Galimbert, Assistant Engineer of the Department, made a survey for the Village of Vineland, with the idea of building a filtration plant or drilling wells. Mr. A. Pasmall of the Department also gave guidance to the Lions Club of Niagara-on-the-Lake in their recreational project. He also gave guidance on two private problems on septic tank drainage. One child was bitten by a dog with no serious results.

Butcher Shops	12	Slaughter Houses
Beaches	5	Other Inspections

Preventive Dental Services—Since authority has come through to use Federal-Provincial Grants for preventive dental services, the only dentist available with a D.D.P.H. is Dr. Conner. The dental trailer has been ordered and equipment will be purchased as required. These services should start in our Unit on July 1st. It must be understood that dental treatment cannot be given under these services. If a municipality or a School Board wish to have dental treatment they may arrange this and receive a 20% grant from the government.

Staff Education—At a meeting of the Directors of Units and Supervisors of Nursing it has been decided to have the next meeting of Unit personnel for this area in Hamilton in September.

Seepage By-Laws: Several of our municipalities have now passed a by-law in regard to sewage disposal, and this will help the Unit of firms not only to alleviate a good many nuisances, but also to prevent these by making sure that installations are made properly.

Annual Report: The Annual Report has been printed and I would ask that each of you look yours over carefully. One of these will be sent to the Clerk of each municipality and be available for the different Council members. If anyone is especially interested, we will be pleased to mail a copy on request.

Infant Boarding Homes: The housing of infant boarding homes in the County for children under three years of age comes directly under the Health Unit. Unfortunately at the present time homes are very difficult to get and the Children's Aid would appreciate hearing from anyone who would consider boarding an infant. A great deal of help is given these homes by the district nurses.

Milk: A determined effort is being made this year to make sure that the supply of raw milk to our dairies is of good quality. Most producers are co-operating to the fullest extent. Others are not showing much enthusiasm. Only those producing grades A and B milk can in the future send this product to the dairies. Milk pasteurized in an unclean manner cannot be made perfectly safe by pasteurization.

Transportation: The coupe owned by the Unit is in my opinion costing far too much and consideration should be given to the purchase of a new car.

Dr. D. V. Currie, M.O.H.

SENTENCES IN 23

(Braceville Recorder Times)

An old magazine rule the following among convicted and penitents at the sitting of the Court of King's Bench for the District of Montreal at the Spring in 1923: Francois Monceau, combed larceny, sentenced to be hanged; Charles Parent, for burglary, to be hanged; Jean Baptiste Dinele, and larceny, to be whipped in the market place; William St. for manslaughter, six months imprisonment and to be put in the

hard in open court: William Parks, for uttering a forged note on the Montreal Bank, six months imprisonment and one month in the penitentiary.

Joseph Morin, for feloniously stealing four bank notes, six months in the house of correction and to be whipped; Warren Glosman, Peter Johnson and Jean Baptiste Albert, for burglary, to be hanged; Morril Magoon, for burglary, fine to the King 500 pounds, in jail for two hours; Jerome David, for stealing of 50s. to be hanged; William Leighton, for sheep-stealing, to be hanged; Abraham Paradis, for sheep-stealing, to be hanged.

REAL STRANGULATION

Killing a leopard with his bare hands alone was, incredibly, accomplished by Carl Akeley, the celebrated American big-game hunter. While in British Somaliland in 1898, he shot and slightly wounded a leopard at such close range that, before he could fire again, it leaped upon him and knocked his gun to the ground. Although badly scratched and bitten on the coming struggle, Akeley managed to strangle the big cat before it could kill him.

A new camera for studying brain surgery at Montreal Neurological Institute requires 5,000 volts of current for each exposure.

ELECTION TOUR MEMORIES FOR COL. AND MRS. DREW

Election tour memories of Col. and Mrs. Drew will include this scene at Cardston, Alta., where they met Charles Davis and members of his tribe. Davis is chief of the Blood Indians. Mr. Drew's tour of Canada has taken him back to the east where he is currently campaigning in Ontario.

Strictly Canadian
by Claire Wallace

Of all the questions which come in on the subject of etiquette, wedding queries outnumber the others three to one, on everything ranging from weddings at sea to second marriages. Here are the answers to some of these questions:

Shipboard marriage: Don't count on a romantic marriage at sea if travelling on a Canadian or British ship because the captains of these ships are not authorized to perform these ceremonies.

Second marriages: When a widow is remarrying, her parents, another relative, or a friend can send out the invitations as if for a first marriage. Or, she may send them out herself in her married name but without the word "Mrs." A divorcee usually chooses the more informal way of inviting guests to her wedding, and writes a personal note or telephone. For a second marriage, formal white bridal attire is not worn; the bride may wear white but not the wedding veil. The first wedding ring is not worn after the second engagement takes place.

Tradition: A wedding gown may be cloth of silver but shouldn't be cloth as that is too lavish for a dress which symbolizes purity. In Holland, it is traditional for the Princess of Orange to wear an orange wedding gown. In China, brides wear red. An old rhyme says:

"Marry in white, you've chosen alright,
Marry in blue, he'll always be true,
Marry in pink, if you only he'll think,
Marry in green, ashamed to be seen,
Marry in yellow, ashamed of your fellow,
Marry in red, you'll wish you were dead!"

There are two ancient superstitions about the wedding veil—one held that the veil symbolized submission. Another, that it was to conceal the bride from the groom's rivals.

Anniversaries: Guests are not required to take a gift when invited to a wedding anniversary, but may do so if they desire. Here is the list: 1, paper; 2, cotton; 3, muslin; 4, silk; 5, wood; 6, iron; 7, copper; 8, bronze; 9, pottery; 10, tin; 11, steel; 12, linen; 13, lace; 14, ivory; 15, crystal; 20, china; 25, silver; 30, pearl; 35, jade; 40, ruby; 45, sapphire; 50, gold; 55, emerald; 60 and 75, diamond.

Questions and Answers
Q. How can I prevent neighbors from walking into our house without knocking? Our neighbors are good friends but in this one way take advantage of our friendship.

A. Keeping the door locked is one way of teaching your neighbor a lesson. Another is to say, in her etiquette, when she burst in: "Oh, did you knock? I didn't hear you!" If you say that every time she makes an unannounced entrance, she should soon learn to re-quest: "Open the door, Richard."

Q. On which finger does a man wear his wedding ring? A friend of mine from the United States, of course, says it should be worn on the little finger.

A. That's the custom in the States but in Canada, a man wears his wedding ring on the third finger of the left hand.

Q. Entertaining is a burden to me because I have to think up different refreshments each time.

A. Yes, indeed. Evolve a speciality dish—one that you like to make,

such as meat pie, egg casserole, sausage-in-pancake, or Hungarian goulash and make it a feature of your home entertaining so friends will look forward to enjoying that special dish at your house. Result, happy guests and no strain for you.

Readers are invited to write Claire Wallace about their Etiquette problems. Address: Claire Wallace, care of The Grimsby Independent, Grimsby, Ontario. Replies will appear in this column.

COSTLY RIOT DAMAGE

Riots in American prisons in 1929 caused \$950,000 worth of damage, more than in any other year. Four riots occurred, one at Canon City, Colorado, on October 3rd, and three in New York State—at Dannemora on July 22nd and at Auburn on July 28th and December 11th. The worst was the one at Auburn in July when the 1,756 inmates set fire to six buildings and seized the prison arsenal with its scores of pistols, rifles, and machine and riot guns. Under the cover of the smoke and the gunfire of their buddies, the other convicts repeatedly rushed the walls with scaling ladders and attacked the gates with battering rams. After the battle had raged for five hours, the prisoners were driven indoors with tear gas bombs. This single riot caused a property damage of \$450,000.

BROWN & WHITE LINEN

By PRUNELLA WOOD

From Hollywood comes this all-linen ensemble—a piece tobacco brown chemise frock and full length white barred with brown.

The girl is Rhonda Fleming, pretty Paramount player who has been seen with Bob Hope. Her outfit is just a trip well-dressed traveller will enjoy during a hot weather. Without the belt, the coat is far less utilitarian looking, and would shelter a filmy evening frock nicely when driving to the party.—Mary Kay Dodson.

Ron Prudhomme, the fellow who has been handing out parts and advice to the six local entrants for the St. Catharines Soap Box Derby, which is to be held at the St. Catharines Airport on Saturday, July 16, told The Independent that all racers are nearing completion, and should be prepared for inspection on July 2. On this date all Grimsby racers will be taken to St. Catharines where rigid inspection is made, and if the builder has failed to meet with the regulations governing the construction of a Soap Box Derby Racer, immediate changes must be made. This is followed by a trial run on July 3, when every boy entering the competition gets his first run down the ramp at St. Kitts. The 16th is the big day, when some boy from Lincoln County will earn the right to get that free trip to Derby Downs in Ohio, and a crack at the All-American title. The above photo is typical of what a Grimsby boy may be seeing if he can pull out a win at St. Catharines.

SPORTRAYAL

By "HIGH" MCGREGOR

This department had hopes that the executive of the Fruit Belt Softball League would make a little extra effort to appoint umpires for this current season... umpires who are not picked up out of the crowd just prior to the start of a game.

The sad fact is that right now many otherwise good exhibitions of softball are being marred by atrocious officiating—not only are some of the so-called umpires unqualified for the job of properly conducting a game, but show a complete lack of ignorance with regard to some of the more minute but nonetheless important rules of the game of softball.

We have in mind a game played at Beamsville last week, with the Peach Kings of Grimsby as the opposition. The game itself was well played, but in the minds of the fans the feature was not the good hitting of some player or the brilliant catch, but the fact that both the plate and home umpire made some pitiful calls that may or may not have changed the complexion of the contest.

In defense of the men who are at present being called upon to umpire, we might say that there is no thing in it for them except the usual amount of abuse heaped at them by the fans. In this particular case, both umpires deserved every bit of abuse thrown their way.

It appeared to us that the more the fans and the players howled, the more determined the officials seemed on running a perfectly good ball game.

If this Fruit Belt League hopes to continue and expect the support of the fans, then it is high time they smartened up and took some action. There are plenty of men around well versed on softball, and quite capable of umpiring efficiently. If the League officials are earnestly trying to operate a successful league, let them find these men and appoint them as official umpires and pay them a nominal sum for services rendered.

The way the situation stands now, just about anyone can get to be an umpire by simply attending a game and accepting the request of the home team who often must search for someone to do the job.

This is purely a league matter, and it is to be hoped that they take some action before things get entirely out of hand.

Locally a fellow by the name of George Babluk has been handling games for the Peach Kings. We personally think that George should give up. He has proven his inability to cope with many phases of a heated game. It is noteworthy that it is not only the visiting teams who would gladly send Mr. Babluk cruising down the river without a paddle, but also members of the very team for whom he is supposed to be the "official" umpire.

You're too good a sport,

responsibility of supplying the umpires.

GRASSIE GRAB WIN FROM GRIMSBY GALS

Grimsby 18; Grassie 11
The West Lincoln Girl's Softball League got off to a flying start in Grimsby last Thursday night when the entry from Grassie took a hotly contested decision from the Grimsby Ukrainian Youth Association team. The argument was over a mistake in one of the score books which gave the Grassie team only

tennis instead of 11. The Grimsby girls scored ten to come within one run of the winners. Grassie tied until near the end of the game when a strong rally gave them slight lead. This was almost overcome in the last inning by Grimsby but the girls from the mainland held on to their slim lead.

Batteries: Grimsby, Johnson, Shuwa and Lawson; Grassie, Milne, Vickers and Doyle.

BIXING SHOW PLANNED BY JAYCEES: NEED FUNDS TO CARRY ON

The Grimsby Jaycees had their first dinner meeting at the Village Inn last Wednesday night, when a fair amount was on hand to enjoy one of Peggy's famous meals. The major item of the meeting was the discussion of the possibility of staging a boxing show in Grimsby. Up until the present the Chamber has staged several events all of benefit to the town. Now the necessity of raising some funds to carry on the good work arises as the idea of staging a boxing show is at present under consideration. A delegation of Jaycees went to St. Catharines on Monday last and a report will be made at the next meeting. They were to meet with Mr. Amos Dorsey in regard to the show.

It was decided also that in recognition of the aid which the Black Hawk Motorcycle Club of Hamilton had given in the Blossom Time Motorcade that the Chamber would give a weiner roast for them at Nelles Beach on Wednesday, July 6th. Bob Becker was put in charge of the details.

Tickets were distributed for sale by the Jaycees, on behalf of the Beamsville Band which is trying to raise money to build a bandstand.

FIREMEN HOLD STUDES TO FIVE ALL DRAW

Grimsby 5; Studebaker Corp. 5
The Grimsby Firemen drew a tie from their third start of the current season on Saturday night last when Studebaker Corporation of Hamilton were the visitors to the local field. Studebaker took an early lead in the second when Atanas tripled and scored on an error and Bryce doubled and also scored. It remained two to nothing until the end of the fourth when Jewson went in for Stimmerman and started a rally that was to tie it up and more. His double followed by singles by Schwab and Desmarais scored two runs and Riches got on on a fielder's choice and also scored.

A homer in the sixth by Hamilton and a single by Weirstruk who scored on two errors in the seventh again put Studebaker up but runs by Scribner and Cole in the seventh and eighth made it five to four. In their half of the ninth the Hamilton boys scored Atanas on a double to tie up the ball game and end the meeting.

FIREMEN DISH UP FAIR BALL FOR FANS

The Grimsby Firemen turned in their third and best effort of the season last Saturday night when they tied the powerful Studebaker Corporation of Hamilton team five to five. The game was close all the way with not much to choose between the two teams at any time. Doug Allen pitched good ball for the locals in the early stages of the game and came out later on to be replaced by Gord Anderson. Don Warren, the Firemen's regular backstop was playing on a slightly injured ankle which he picked up the night before in a softball game with the Peach Kings. Otherwise the locals were sound and turned in their best effort to date.

The Studebaker Club is coming to Grimsby for a return game next Saturday night and it promises to be a real thriller due to the deadlock last week.

Next Tuesday night the Firemen open a two game exhibition series with the Hagersville club in Hagersville. This club is an unknown quantity to the Bentley Boys but they have been beaten by the Caledonia club which local fans saw in action here a short time ago. The second game of the two will be played in Grimsby on Saturday, July 2nd.

The Firemen are endeavouring to bring a good brand of ball to the local fans and for the first time are succeeding. They want support and at present they need it badly, both vocal and financial. Coaches Bentley and Gordon are doing a first class job with the team and officials of the club are confident of continued improvement.

Many people are often displeased with a portrait because they are used to seeing their faces in the mirror, which reverses the hair parting and other unsymmetrical features.

TURNING THE PAGES OF "CANADA UNLIMITED"

"The cod was so thick by the shore that we hardly have been able to row a boat through them." With these words, in 1498, John Mason described fishing on the Grand Banks. By 1884, hundreds of European fishermen were coming to the east coast of Canada.

Early English fishermen dried their cod on racks in the sun. This meant being along the coast, and many settlements were founded. French, Basque, Portuguese and Spanish fishermen followed.

For 300 years, French and English fishermen maintained a rich industry. They jealously guarded the Grand Banks, the greatest fishing area in the world. And Canada's inland waters abounded in fresh-water fish, opening up new opportunities in this age-old trade.

In 1886, fishing on the Pacific Coast became important. Today, British Columbia provides half of Canada's yearly catch.

A large part of our 236 million-pound catch in 1948 was sent to many countries. Fishing and its allied industries—canning, processing, extracting meal and oils—play an important part in our lives. Yes, there's room to grow in Canada Unlimited.

Just how much room is told in "Canada Unlimited", an illustrated 144-page book published by the O'Keefe Foundation. You may obtain your copy by sending 25c in cash (no stamps or cheques, please) to "Canada Unlimited", Dept. N2-10, O'Keefe House, Toronto, Ontario. Please print your name and address clearly. All monies received will be donated to the Canadian Citizenship Council.

Beamsville 7; Grimsby 6

As per usual, rivalry was keen between these two teams, with Beamsville getting the decision this time to gain an equal footing with the Peach Kings in game played this season. The game was marred to a considerable extent by the atrocious umpiring of Babak and Keller, with the fans of both teams taking more time out jeering the umpire than in watching an otherwise fair ball game.

Both teams got a man across in the first inning, with the Kings going to the front on successive errors by left fielder Hess Red, who was promptly benched in favor of his brother Ralph. Gordie Buchanan hurled for the Kings did not have his usual amount of control, and Beamsville nicked away at the Kings' lead, and were trailing by a single run after Doug Shepherd's four bagger in the sixth.

The Kings were leading six to five at the end of eight, when Beamsville hurler Don Konde singled, and was followed by successive hits by Shepherd, Selby and Reid. With two down, Dutch Konde drove in two runs to win the game for Beamsville.

Batteries: Beamsville, Konde and Konde; Grimsby, Buchanan and Bentley.

Umpires: Babak and Keller.

Smithville 9; Grimsby 8

Behind the tight pitching of Johnny Belcot and the heavy hitting of his brother Joe, Smithville snared a tight nine to eight decision from the Peach Kings here last Friday night. The game was late in starting and the field was swept periodically by light rain, making the worst conditions that the Kings have played under so far this season. Due to a late start the game only went seven innings and a number of errors late in the contest were caused by the darkness.

Smithville grabbed an early lead when Johnny Belcot's single and his brother's homer accounted for two and then Comfort scored to make it three. The Kings came back with a strong rally in the second inning to make the score five to four, Smithville having scored again in the same inning. Warren and Riches each had homers, Riches in the second and Warren in the sixth. Going into the top of the seventh the Kings had a seven to four lead but the Smithville crew scored four runs in their half of the inning and the Kings failed to gain the single they needed in the last frame.

Grimsby 8 9 4
Smithville 9 8 7
Batteries: Grimsby, Bouke, Buchanan and Bentley; Smithville, Belcot and Book.

Umpires—Hodgkins and Howe.

Taplestown 15; Fruitland 6

The two tallents of the Fruit Belt League bashed their way through seven innings on Jun 16, with the lads from atop the ridge coming out with a lopsided fifteen to five win over the hapless Fruitland crew.

It was a big first inning for the homesters who nicked Fruitland starter Hopcroft for seven runs. Parcel on the mound for the Taps kept the bases clean until the fourth, when the losers crossed for two and added their final three in the sixth.

With fourteen errors to their credit, Fruitland appear at present to be the most logical choice for the bottom of league ladder.

Batteries: Taplestown, Parcel and McLarin; Fruitland, Hopcroft and Mike.

Taplestown 15 21 4
Fruitland 5 11 14
Umpires—Shuker and Fowler.

Smithville handed Stoney Creek a great large goose egg last Wednesday night, the shutout for Johnny Belcot dispelling rumors that he was slipping. The side arm expert limited the Crookers to four very sparse hits, while his team mates cracked out sixteen hits for eleven runs. The win gave Smithville undisputed possession of first place in the Fruit Belt League.

The scoring started in the third when Smithville scored three, added two in the fifth and rallied for a big four in the seventh, with single tallies coming in the eighth and ninth. Belcot was the master all the way, and proved once again that he is the cream of the crop in the league, and will provide any team with plenty of competition.

Batteries: Smithville, Belcot and Book; Stoney Creek, Baker and Boden.

Smithville 11 24 1
Stoney Creek 0 4 4
Umpires: Hodgkins and McGowan

Grimsby 22; Taplestown 2
The Peach Kings made with the fun and frolic on Monday night as they bolstered batting averages at the expense of the Taplestown nine, the Peaches winning by a twenty run margin.

Frank Bouk hurried for five, Buchanan taking over for two. Bub House called the game at the end of seven innings. The Kings have another soft go on Friday when Fruitland visit the local park. Tonight they take on Stoney Creek under the lights. A win here would leave the Kings tied for second place with the Crookers.

Future Games

Friday, June 24—Fruitland at Grimsby; Beamsville at Smithville.

Monday, June 27—Beamsville at Grimsby; Taplestown at Fruitland.

Tuesday, June 28—Smithville at Stoney Creek.

Wednesday, June 29—Fruitland at Beamsville; Grimsby at Smithville.

Thursday, June 30—Stoney Cr. at Taplestown.

CAMOUFLAGE HOUSE

Along the Italian Riviera, an outside balcony is considered such an important adjunct to a house that families unable to afford a real one have the image of one painted, feeling that this is better than nothing. To appear more realistic, many of these painted-on balconies include the family wash, just as it is usually seen drying on actual railings.

balls in 1884 was the reason for The scarcity of ivory billiard John Wesley Hyatt's search for and development of plastic; his plastic billiard ball was the start of the present plastics industry.

**YOUNG GIRL RISKS LIFE
IN SPECTACULAR RESCUE**

1. The train, carrying a load of more, was rounding a curve when foreman Hickman noticed a small boy who had wandered onto the tracks.

2. In the nick of time, young Jasmine Lowe snatched the child from the tracks. Thanks to her brave and unselfish action, the boy's life was saved.

2. Signalling back to the engineer, Hickman set the brakes on the car — then climbed down, expecting to find the child under the train.

2. In the nick of time, young Jasmine Lowe snatched the child from the tracks. Thanks to her brave and unselfish action, the boy's life was saved.

**WINS
DOW
AWARD**

JASMINE LOWE

of Otton Bay, Nova Scotia

runs in front of train to save child

This declaration was made by

railwayman Clyde Hickman:

"We were rounding a curve when I saw a child on the tracks. It was impossible to stop. I signalled the engineer, (the engine was at the rear) set the brake on the car and started to get down — expecting to find the child under the train — when a young girl suddenly ran out and carried the child from the tracks with just a second to spare."

We are proud to present The Dow Award to 16-year-old Jasmine Lowe.

THE DOW AWARD is a citation presented for acts of outstanding heroism and includes a \$100 Canada Savings Bond. The Dow Award Committee, a group of editors of leading Canadian daily newspapers, select winners from recommendations made by a nationally known news organization.

How Secure do you feel?

**YOUR SECURITY and YOUR STABILITY
ARE AT STAKE!**

YOU CAN DEFEAT YOUR BIGGEST TAX PROBLEM...

That is the 8% sales tax. The one the budget missed. The one that hits you hardest. This quotation

"... This tax costs the Canadian taxpayers 30 cents for every dollar of processed material"

from a Liberal member of Parliament shows what the government is doing to keep taxes high ... despite the "bribery" reductions in the budget. So that you may have a sure, adequate income, the Progressive Conservative Party will

• Reduce Sales taxes.

• Reduce income tax rates and increase exemptions.

• Provide deductions to farmers for members of family who contributed to revenue.

• End the administrative persecution of farmers by tax collectors.

**For YOUR Protection the Progressive Conservative Party
will take these steps:**

PRICES

—Permanent floor price legislation based on these principles:

- A definite formula in the Farm Prices Support Act for arriving at floor prices.
- The formula will allow for variations in production and demand for individual products.
- Floor prices will be announced well in advance of production period.
- The floor price formula will be arrived at in consultation with representatives of producers.

EXPORT MARKETS

Restoration of the Canadian Wheat Board to serve its original purpose as a Marketing Agency for wheat producers ... and its extension to include the handling of coarse grains.

Inclusion of representatives of farmer's organizations on all Boards dealing with farm matters.

Aggressive and immediate action to recapture lost markets; the development of new markets; to achieve security of export markets through foresighted negotiations.

Dominion marketing legislation based on the principle of democratic producer control.

IN RUSSIA THE GOVERNMENT OWNS and OPERATES THE FARMS

What has the Liberal Government done to check Communism? The Progressive Conservative Party will OUTLAW the menace of Communism!
